STATEMENT OF ADDITIONAL INFORMATION

November 25, 2025

This Statement of Additional Information (“SAI”) is not a prospectus and should be read in conjunction with the Prospectus for the Carbon Collective Short Duration Green Bond ETF (the “Fund”), a series of Tidal Trust II (the “Trust”), dated November 25, 2025, as may be supplemented from time to time (the “Prospectus”). Capitalized terms used in this SAI that are not defined have the same meaning as in the Prospectus, unless otherwise noted. A copy of the Prospectus may be obtained without charge, by calling the Fund at (833) 794-0140, visiting www.carboncollectivefunds.com/ccsb, or writing to the Carbon Collective Short Duration Green Bond ETF, c/o U.S. Bank Global Fund Services, P.O. Box 219252, Kansas City, Missouri 64121-9252.

The Fund’s audited financial statements for the most recent fiscal year (when available) are incorporated into this SAI by reference to the Fund’s most recent annual Certified Shareholder Report on Form N-CSR (File No. 811-23793). A copy of the Fund’s annual Certified Shareholder Report may be obtained at no charge by contacting the Fund at the address or phone number noted above.

GENERAL INFORMATION ABOUT THE TRUST

The Trust is an open-end management investment company consisting of multiple series, including the Fund. This SAI relates to the Fund. The Trust was organized as a Delaware statutory trust on January 13, 2022. The Trust is registered with the U.S. Securities and Exchange Commission (“SEC”) under the Investment Company Act of 1940, as amended (together with the rules and regulations adopted thereunder, as amended, the “1940 Act”), as an open-end management investment company and the offering of the Fund’s shares (“Shares”) is registered under the Securities Act of 1933, as amended (the “Securities Act”). The Trust is governed by its Board of Trustees (the “Board”). Tidal Investments LLC (the “Adviser”) serves as investment adviser to the Fund. Carbon Collective Investing, LLC (“Carbon Collective” or a “Sub-Adviser”), serves as investment sub-adviser to the Fund. Artesian Capital Management (Delaware) LP (“Artesian” or a “Sub-Adviser”), also serves as investment sub-adviser to the Fund.

The Fund offers and issues Shares at their net asset value (“NAV”) only in aggregations of a specified number of Shares (each, a “Creation Unit”). The Fund generally offers and issues Shares in exchange for a basket of securities (“Deposit Securities”) together with the deposit of a specified cash payment (“Cash Component”). The Trust reserves the right to permit or require the substitution of a “cash in lieu” amount (“Deposit Cash”) to be added to the Cash Component to replace any Deposit Security. Shares are or will be listed on The Nasdaq Stock Market, LLC (the “Exchange”). Shares trade on the Exchange at market prices that may differ from the Shares’ NAV. Shares are also redeemable only in Creation Unit aggregations, primarily for a basket of Deposit Securities together with a Cash Component. As a practical matter, only institutions or large investors, known as “Authorized Participants” or “APs,” purchase or redeem Creation Units. Except when aggregated in Creation Units, Shares are not individually redeemable.

Shares may be issued in advance of receipt of Deposit Securities subject to various conditions, including a requirement to maintain on deposit with the Trust cash at least equal to a specified percentage of the value of the missing Deposit Securities, as set forth in the Participant Agreement (as defined below). The Trust may impose a transaction fee for each creation or redemption. In all cases, such fees will be limited in accordance with the requirements of the SEC applicable to management investment companies offering redeemable securities. As in the case of other publicly traded securities, brokers’ commissions on transactions in the secondary market will be based on negotiated commission rates at customary levels.

ADDITIONAL INFORMATION ABOUT INVESTMENT OBJECTIVES, POLICIES, AND RELATED RISKS

The Fund’s investment objective and principal investment strategies are described in the Prospectus. The following information supplements, and should be read in conjunction with, the Prospectus. For a description of certain permitted investments, see “Description of Permitted Investments” in this SAI.

With respect to the Fund’s investments, unless otherwise noted, if a percentage limitation on investment is adhered to at the time of investment or contract, a subsequent increase or decrease as a result of market movement or redemption will not result in a violation of such investment limitation.

Diversification

The Fund is “diversified” within the meaning of the 1940 Act. Under applicable federal laws, to qualify as a diversified fund, the Fund, with respect to 75% of its total assets, may not invest greater than 5% of its total assets in any one issuer and may not hold greater than 10% of the securities of one issuer, other than investments in cash and cash items (including receivables), U.S. government securities, and securities of other investment companies. The remaining 25% of the Fund’s total assets does not need to be “diversified” and may be invested in securities of a single issuer, subject to other applicable laws. The diversification of the Fund’s holdings is measured at the time the Fund purchases a security. However, if the Fund purchases a security and holds it for a period of time, the security may become a larger percentage of the Fund’s total assets due to movements in the financial markets. If the market affects several securities held by the Fund, the Fund may have a greater percentage of its assets invested in securities of fewer issuers.

In addition, the Fund intends to maintain the required level of diversification and otherwise conduct its operations so as to qualify as a regulated investment company (“RIC”) for purposes of the Internal Revenue Code of 1986, as amended (the “Code”), and to relieve the Fund of any liability for federal income tax to the extent that its earnings are distributed to shareholders. Compliance with the diversification requirements of the Code may limit the investment flexibility of the Fund and may make it less likely that the Fund will meet its investment objectives. See “Federal Income Taxes” in this SAI for further discussion.

General Risks

The value of the Fund’s portfolio securities may fluctuate with changes in the financial condition of an issuer or counterparty, changes in specific economic or political conditions that affect a particular security or issuer and changes in general economic or political conditions. An investor in the Fund could lose money over short or long periods of time.

There can be no guarantee that a liquid market for the securities held by the Fund will be maintained. The existence of a liquid trading market for certain securities may depend on whether dealers will make a market in such securities. There can be no assurance that a market will be made or maintained or that any such market will be or remain liquid. The price at which securities may be sold and the value of Shares will be adversely affected if trading markets for the Fund's portfolio securities are limited or absent, or if bid/ask spreads are wide.

Financial markets, both domestic and foreign, have recently experienced an unusually high degree of volatility. Continuing events and possible continuing market turbulence may have an adverse effect on Fund performance.

Cyber Security Risk. Investment companies, such as the Fund, and their service providers may be subject to operational and information security risks resulting from cyber attacks. Cyber attacks include, among other behaviors, stealing or corrupting data maintained online or digitally, denial of service attacks on websites, the unauthorized release of confidential information or various other forms of cyber security breaches. Cyber attacks affecting the Fund or the Adviser, the Sub-Advisers, Custodian (defined below), Transfer Agent (defined below), intermediaries or other third-party service providers may adversely impact the Fund. For instance, cyber attacks may interfere with the processing of shareholder transactions, impact the Fund's ability to calculate its NAV, cause the release of private shareholder information or confidential company information, impede trading, subject the Fund to regulatory fines or financial losses, and cause reputational damage. The Fund may also incur additional costs for cyber security risk management purposes. Similar types of cyber security risks are also present for issuers of securities in which the Fund invests, which could result in material adverse consequences for such issuers, and may cause the Fund's investment in such portfolio companies to lose value.

DESCRIPTION OF PERMITTED INVESTMENTS

The following are descriptions of the permitted investments and investment practices and associated risk factors. The Fund will invest in any of the following instruments or engage in any of the following investment practices only if such investment or activity is consistent with the Fund's investment objective and permitted by the Fund's stated investment policies. In addition, certain of the techniques and investments discussed in this SAI are not principal strategies of the Fund as disclosed in the Prospectus, and while such techniques and investments are permissible for the Fund to utilize, the Fund is not required to utilize such non-principal techniques or investments.

U.S. Government Securities

The Fund may invest in U.S. government securities. Securities issued or guaranteed by the U.S. government or its agencies or instrumentalities include U.S. Treasury securities, which are backed by the full faith and credit of the U.S. Treasury and which differ only in their interest rates, maturities, and times of issuance. U.S. Treasury bills have initial maturities of one-year or less; U.S. Treasury notes have initial maturities of one to ten years; and U.S. Treasury bonds generally have initial maturities of greater than ten years. Certain U.S. government securities are issued or guaranteed by agencies or instrumentalities of the U.S. government including, but not limited to, obligations of U.S. government agencies or instrumentalities such as the Federal National Mortgage Association ("FNMA"), the Government National Mortgage Association ("GNMA"), the Small Business Administration, the Federal Farm Credit Administration, the Federal Home Loan Banks, Banks for Cooperatives (including the Central Bank for Cooperatives), the Federal Land Banks, the Federal Intermediate Credit Banks, the Tennessee Valley Authority, the Export-Import Bank of the United States, the Commodity Credit Corporation, the Federal Financing Bank, the Student Loan Marketing Association, the National Credit Union Administration and the Federal Agricultural Mortgage Corporation (Farmer Mac).

Some obligations issued or guaranteed by U.S. government agencies and instrumentalities, including, for example, GNMA pass-through certificates, are supported by the full faith and credit of the U.S. Treasury. Other obligations issued by or guaranteed by federal agencies, such as those securities issued by the FNMA, are supported by the discretionary authority of the U.S. government to purchase certain obligations of the federal agency, while other obligations issued by or guaranteed by federal agencies, such as those of the Federal Home Loan Banks, are supported by the right of the issuer to borrow from the U.S. Treasury, while the U.S. government provides financial support to such U.S. government-sponsored federal agencies, no assurance can be given that the U.S. government will always do so, since the U.S. government is not so obligated by law. U.S. Treasury notes and bonds typically pay coupon interest semi-annually and repay the principal at maturity.

On September 7, 2008, the U.S. Treasury announced a federal takeover of the FNMA and the Federal Home Loan Mortgage Corporation ("Freddie Mac"), placing the two federal instrumentalities in conservatorship. Under the takeover, the U.S. Treasury agreed to acquire \$1 billion of senior preferred stock of each instrumentality and obtained warrants for the purchase of common stock of each instrumentality (the "Senior Preferred Stock Purchase Agreement" or "Agreement"). Under the Agreement, the U.S. Treasury pledged to provide up to \$200 billion per instrumentality as needed, including the contribution of cash capital to the instrumentalities in the event their liabilities exceed their assets. This was intended to ensure that the instrumentalities maintain a positive net worth and meet their financial obligations, preventing mandatory triggering of receivership. As a result of this Agreement, the investments of holders, including the Fund, of mortgage-backed securities and other obligations issued by the FNMA and Freddie Mac are protected.

On December 24, 2009, the U.S. Treasury amended the Agreement to allow the \$200 billion cap on the U.S. Treasury's funding commitment to increase as necessary to accommodate any cumulative reduction in net worth over the next three years. On August 17, 2012, the U.S. Treasury announced the Third Amendment to the Agreement that recalibrated the calculation of the quarterly dividends that Freddie Mac pays to the U.S. Treasury which eliminated the need for Freddie Mac circularly to borrow from the U.S. Treasury only then to pay dividends back to the U.S. Treasury. The Third Amendment suspended the periodic commitment fee for so long as the dividend amounts were based on net worth. The Third Amendment also eliminated the requirement that Freddie Mac obtain the U.S. Treasury's consent for asset dispositions with a fair market value (individually or in aggregate) of less than \$250 million, but required Freddie Mac to submit annual risk management plans to the U.S. Treasury. On December 21, 2017, a letter agreement between the U.S. Treasury and Freddie Mac changed the terms of the senior preferred stock certificates to permit Freddie Mac to retain a \$3 billion capital reserve, quarterly. On September 30, 2019, the U.S. Treasury and the Federal Housing Finance Agency (FHFA), acting as Conservator to Freddie Mac, announced amendments to the senior preferred stock certificates that will permit Freddie Mac to retain earnings beyond the \$3 billion capital reserves previously allowed through the letter agreements. Since January 6, 2014, FHFA has conducted an ongoing assessment of its obligations and statutory mandates in preparation for Freddie Mac's eventual exit from conservatorship.

To Be Announced ("TBA") Securities

A TBA securities transaction, which is a type of forward-commitment transaction, represents an agreement to buy or sell mortgage-backed securities with agreed-upon characteristics for a fixed unit price, with settlement on a scheduled future date, typically within 30 calendar days of the trade date. With TBA transactions, the particular securities (i.e., specified mortgage pools) to be delivered or received are not identified at the trade date; however, securities delivered to a purchaser must meet specified criteria, including face value, coupon rate, and maturity, and be within industry- accepted "good delivery" standards. The Fund may sell TBA securities to hedge its portfolio positions or to dispose of mortgage-backed securities it owns under delayed-delivery arrangements. Proceeds of TBA securities sold are not received until the contractual settlement date. For TBA purchases, the Fund may be required to post sufficient liquid assets (e.g., cash or marketable securities) until settlement date with a qualified custodian as collateral in an amount sufficient to meet the purchase price. Unsettled TBA securities are valued by an independent pricing service based on the characteristics of the securities to be delivered or received. A risk associated with TBA transactions is that at settlement, either the buyer fails to pay the agreed price for the securities, or the seller fails to deliver the agreed securities. As the value of such unsettled TBA securities is assessed on a daily basis, parties mitigate such risk by, among other things, exchanging collateral as security for performance, performing a credit analysis of the counterparty, allocating transactions among numerous counterparties, and monitoring its exposure to each counterparty.

Rule 18f-4 under the 1940 Act permits the Fund to invest in securities on a when-issued or forward-settling basis, or with a non-standard settlement cycle, notwithstanding the limitation on the issuance of senior securities in Section 18 of the 1940 Act, provided that the Fund intends to physically settle the transaction and the transaction will settle within 35 days of its trade date (the "Delayed-Settlement Securities Provision"). A when-issued, forward-settling, or non-standard settlement cycle security that does not satisfy the Delayed-Settlement Securities Provision is treated as a derivatives transaction under Rule 18f-4.

Variable and Floating Rate Instruments

Certain obligations purchased by the Fund may carry variable or floating rates of interest, may involve a conditional or unconditional demand feature and may include variable amount master demand notes. Variable and floating rate instruments are issued by a wide variety of issuers and may be issued for a wide variety of purposes, including as a method of reconstructing cash flows. Subject to its investment objective policies and restrictions, the Fund may acquire variable and floating rate instruments. A variable rate instrument is one whose terms provide for the adjustment of its interest rate on set dates and which, upon such adjustment, can reasonably be expected to have a market value that approximates its par value. The Fund may purchase extendable commercial notes. Extendable commercial notes are variable rate notes which normally mature within a short period of time (e.g., 1 month) but which may be extended by the issuer for a maximum maturity of thirteen months. A floating rate instrument is one whose terms provide for the adjustment of its interest rate whenever a specified interest rate changes and which, at any time, can reasonably be expected to have a market value that approximates its par value. Floating rate instruments are frequently not rated by credit rating agencies; however, unrated variable and floating rate instruments purchased by the Fund will be determined by the Adviser to be of comparable quality at the time of purchase to rated instruments eligible for purchase under the Fund's investment policies. In making such determinations, the Adviser will consider the earning power, cash flow and other liquidity ratios of the issuers of such instruments (such issuers include financial, merchandising, bank holding and other companies) and will continuously monitor their financial condition. There may be no active secondary market with respect to a particular variable or floating rate instrument purchased by the Fund. The absence of such an active secondary market could make it difficult for the Fund to dispose of the variable or floating rate instrument involved in the event the issuer of the instrument defaulted on its payment obligations, and the Fund could, for this or other reasons, suffer a loss to the extent of the default. Variable or floating rate instruments may be secured by bank letters of credit or other assets. The Fund may purchase a variable or floating rate instrument to facilitate portfolio liquidity or to permit investment of the Fund's assets at a favorable rate of return. As a result of the floating and variable rate nature of these investments, the Fund's yields may decline, and it may forego the opportunity for capital appreciation during periods when interest rates decline; however, during periods when interest rates increase, the Fund's yields may increase, and it may have reduced risk of capital depreciation. Past periods of high inflation, together with the fiscal measures adopted to attempt to deal with it, have seen wide fluctuations in interest rates, particularly "prime rates" charged by banks. While the value of the underlying floating or variable rate securities may change with changes in interest rates generally, the nature of the underlying floating or variable rate should minimize changes in value of the instruments. Accordingly, as interest rates decrease or increase, the potential for capital appreciation and the risk of potential capital depreciation is less than would be the case with a portfolio of fixed rate securities. The Fund's portfolio may contain floating or variable rate securities on which stated minimum or maximum rates, or maximum rates set by state law limit the degree to which interest on such floating or variable rate securities may fluctuate; to the extent it does, increases or decreases in value may be somewhat greater than would be the case without such limits. Because the adjustment of interest rates on the floating or variable rate securities is made in relation to movements of the applicable banks' "prime rates" or other short-term rate securities adjustment indices, the floating or variable rate securities are not comparable to long-term fixed rate securities. Accordingly, interest rates on the floating or variable rate securities may be higher or lower than current market rates for fixed rate obligations of comparable quality with similar maturities.

Illiquid Investments and Restricted Securities

Pursuant to Rule 22e-4 under the 1940 Act, the Fund may not acquire any “illiquid investment” if, immediately after the acquisition, the Fund would have invested more than 15% of its net assets in illiquid investments that are assets. An “illiquid investment” is any investment that the Fund reasonably expects cannot be sold or disposed of in current market conditions in seven calendar days or less without the sale or disposition significantly changing the market value of the investment. The Fund has implemented a liquidity risk management program and related procedures to identify illiquid investments pursuant to Rule 22e-4. The 15% limit is observed continuously.

The Fund may purchase certain restricted securities that can be resold to institutional investors and which may be determined not to be illiquid investments pursuant to the Fund’s liquidity risk management program. In many cases, those securities are traded in the institutional market under Rule 144A under the Securities Act and are called Rule 144A securities.

Investments in illiquid investments involve more risks than investments in similar securities that are readily marketable. Illiquid investments may trade at a discount from comparable, more liquid investments. Investment of the Fund’s assets in illiquid investments may restrict the ability of the Fund to dispose of its investments in a timely fashion and for a fair price as well as its ability to take advantage of market opportunities. The risks associated with illiquidity will be particularly acute where the Fund’s operations require cash, such as when the Fund has net redemptions, and could result in the Fund borrowing to meet short-term cash requirements or incurring losses on the sale of illiquid investments.

Illiquid investments are often restricted securities sold in private placement transactions between issuers and their purchasers and may be neither listed on an exchange nor traded in other established markets. In many cases, the privately placed securities may not be freely transferable under the laws of the applicable jurisdiction or due to contractual restrictions on resale. To the extent privately placed securities may be resold in privately negotiated transactions, the prices realized from the sales could be less than those originally paid by the Fund or less than the fair value of the securities. In addition, issuers whose securities are not publicly traded may not be subject to the disclosure and other investor protection requirements that may be applicable if their securities were publicly traded. If any privately placed securities held by the Fund are required to be registered under the securities laws of one or more jurisdictions before being resold, the Fund may be required to bear the expenses of registration. Private placement investments may involve investments in smaller, less seasoned issuers, which may involve greater risks than investments in more established companies. These issuers may have limited product lines, markets or financial resources, or they may be dependent on a limited management group. In making investments in private placement securities, the Fund may obtain access to material non-public information, which may restrict the Fund’s ability to conduct transactions in those securities.

Foreign Securities

The Fund may invest directly in foreign securities or have indirect exposure to foreign securities. Investing in securities of foreign companies and countries involves certain considerations and risks that are not typically associated with investing in U.S. government securities and securities of domestic companies. There may be less publicly available information about a foreign issuer than a domestic one, and foreign companies are not generally subject to uniform accounting, auditing and financial standards, and requirements comparable to those applicable to U.S. companies. There may also be less government supervision and regulation of foreign securities exchanges, brokers, and listed companies than exists in the United States. Interest and dividends paid by foreign issuers as well as gains or proceeds realized from the sale or other disposition of foreign securities may be subject to withholding and other foreign taxes, which may decrease the net return on such investments as compared to dividends and interest paid to the Fund by domestic companies or the U.S. government. There may be the possibility of expropriations, seizure or nationalization of foreign deposits, the imposition of economic sanctions, confiscatory taxation, political, economic or social instability, or diplomatic developments that could affect assets of the Fund held in foreign countries. The establishment of exchange controls or other foreign governmental laws or restrictions could adversely affect the payment of obligations. In addition, investing in foreign securities will generally result in higher commissions than investing in similar domestic securities.

Decreases in the value of currencies of the foreign countries in which the Fund may invest relative to the U.S. dollar will result in a corresponding decrease in the U.S. dollar value of the Fund’s assets denominated in those currencies (and possibly a corresponding increase in the amount of securities required to be liquidated to meet distribution requirements). Conversely, increases in the value of currencies of the foreign countries in which the Fund invests relative to the U.S. dollar will result in a corresponding increase in the U.S. dollar value of the Fund’s assets (and possibly a corresponding decrease in the amount of securities to be liquidated).

Investing in emerging markets can have more risk than investing in developed foreign markets. The risks of investing in these markets may be exacerbated relative to investments in foreign markets. Governments of developing and emerging market countries may be more unstable as compared to more developed countries. Developing and emerging market countries may have less developed securities markets or exchanges, and legal and accounting systems. It may be more difficult to sell securities at acceptable prices and security prices may be more volatile than in countries with more mature markets. Currency values may fluctuate more in developing or emerging markets. Developing or emerging market countries may be more likely to impose government restrictions, including confiscatory taxation, expropriation or nationalization of a company's assets, and restrictions on foreign ownership of local companies. In addition, emerging markets may impose restrictions on the Fund's ability to repatriate investment income or capital and, thus, may adversely affect the operations of the Fund. Certain emerging markets may impose constraints on currency exchange and some currencies in emerging markets may have been devalued significantly against the U.S. dollar. For these and other reasons, the prices of securities in emerging markets can fluctuate more significantly than the prices of securities of companies in developed countries. The less developed the country, the greater effect these risks may have on the Fund.

Investment Company Securities

The Fund may invest in the securities of other investment companies, including money market funds and ETFs, subject to applicable limitations under Section 12(d)(1) of the 1940 Act. Investing in another pooled vehicle exposes the Fund to all the risks of that pooled vehicle. If the Fund invests in and, thus, is a shareholder of another investment company, the Fund's shareholders will indirectly bear the Fund's proportionate share of the fees and expenses paid by such other investment company, including advisory fees, in addition to both the management fees payable directly by the Fund to the Adviser and the other expenses that the Fund bears directly in connection with the Fund's own operations.

Pursuant to Section 12(d)(1), the Fund may invest in the securities of another investment company (the "acquired company") provided that the Fund, immediately after such purchase or acquisition, does not own in the aggregate: (1) more than 3% of the total outstanding voting stock of the acquired company; (2) securities issued by the acquired company having an aggregate value in excess of 5% of the value of the total assets of the Fund; or (3) securities issued by the acquired company and all other investment companies (other than treasury stock of the Fund) having an aggregate value in excess of 10% of the value of the total assets of the Fund. To the extent allowed by law or regulation, the Fund may invest its assets in securities of investment companies that are money market funds in excess of the limits discussed above.

However, registered investment companies are permitted to invest in other investment companies beyond the limits set forth in Section 12(d)(1), subject to certain conditions. The Fund may rely on Rule 12d1-4 of the 1940 Act, which provides an exemption from Section 12(d)(1) that allows the Fund to invest beyond the stated limits in other registered funds, including ETFs, if the Fund satisfies certain conditions specified in the Rule, including, among other conditions, that the Fund and its advisory group will not control (individually or in the aggregate) an acquired fund (e.g., hold more than 25% of the outstanding voting securities of an acquired fund that is a registered open-end management investment company).

The Fund may rely on Section 12(d)(1)(F) and Rule 12d1-3 of the 1940 Act, which provide an exemption from Section 12(d)(1) that allows the Fund to invest all of its assets in other registered funds, including ETFs, if, among other conditions: (1) the Fund, together with its affiliates, acquires no more than three percent of the outstanding voting stock of any acquired fund; and (2) the sales load charged on Shares is no greater than the limits set forth in Rule 2830 of the Conduct Rules of the Financial Industry Regulatory Authority, Inc. ("FINRA").

Money Market Funds

The Fund may invest in underlying money market funds that either seek to maintain a stable \$1 NAV ("stable NAV money market funds") or that have a share price that fluctuates ("variable NAV market funds"). Although an underlying stable NAV money market fund seeks to maintain a stable \$1 NAV, it is possible for the Fund to lose money by investing in such a money market fund. Because the share price of an underlying variable NAV market fund will fluctuate, when the Fund sells the shares it owns they may be worth more or less than what the Fund originally paid for them. In addition, neither type of money market fund is designed to offer capital appreciation. Certain underlying money market funds may impose a fee upon the sale of shares or may temporarily suspend the ability to sell shares if such fund's liquidity falls below required minimums.

Other Short-Term Instruments

The Fund may invest in short-term instruments, including money market instruments, on an ongoing basis to provide liquidity or for other reasons. Money market instruments are generally short-term investments that may include but are not limited to: (1) shares of money market funds; (2) obligations issued or guaranteed by the U.S. government, its agencies, or instrumentalities (including government-sponsored enterprises); (3) negotiable certificates of deposit (“CDs”), bankers’ acceptances, fixed time deposits, and other obligations of U.S. and foreign banks (including foreign branches) and similar institutions; (4) commercial paper rated at the date of purchase “Prime-1” by Moody’s Investors Service or “A-1” by S&P Global Ratings or, if unrated, of comparable quality as determined by the Adviser; (5) non-convertible corporate debt securities (e.g., bonds and debentures) with remaining maturities at the date of purchase of not more than 397 days and that satisfy the rating requirements set forth in Rule 2a-7 under the 1940 Act; and (6) short-term U.S. dollar-denominated obligations of foreign banks (including U.S. branches) that, in the opinion of the Adviser, are of comparable quality to obligations of U.S. banks which may be purchased by the Fund. Any of these instruments may be purchased on a current or a forward-settled basis. Money market instruments also include shares of money market funds. Time deposits are non-negotiable deposits maintained in banking institutions for specified periods of time at stated interest rates. Bankers’ acceptances are time drafts drawn on commercial banks by borrowers, usually in connection with international transactions.

Securities Lending

The Fund may lend portfolio securities to certain creditworthy borrowers. The Fund did not participate in securities lending for the fiscal period ended July 31, 2025. The borrowers provide collateral that is maintained in an amount at least equal to the current value of the securities loaned. The Fund may terminate a loan at any time and obtain the return of the securities loaned. The lending Fund receives the value of any interest or cash or non-cash distributions paid on the loaned securities. Distributions received on loaned securities in lieu of dividend payments (i.e., substitute payments) would not be considered qualified dividend income.

With respect to loans that are collateralized by cash, the borrower will be entitled to receive a fee based on the amount of cash collateral. The Fund is compensated by the difference between the amount earned on the reinvestment of cash collateral and the fee paid to the borrower. In the case of collateral other than cash, the Fund is compensated by a fee paid by the borrower equal to a percentage of the value of the loaned securities. Any cash collateral may be reinvested in certain short-term instruments either directly on behalf of the lending Fund or through one or more joint accounts or money market funds, which may include those managed by the Adviser.

The Fund may pay a portion of the interest or fees earned from securities lending to a borrower as described above, and to one or more securities lending agents approved by the Board who administer the lending program for the Fund in accordance with guidelines approved by the Board. In such capacity, the lending agent causes the delivery of loaned securities from the Fund to borrowers, arranges for the return of loaned securities to the Fund at the termination of a loan, requests deposit of collateral, monitors the daily value of the loaned securities and collateral, requests that borrowers add to the collateral when required by the loan agreements, and provides recordkeeping and accounting services necessary for the operation of the program.

Securities lending involves exposure to certain risks, including operational risk (i.e., the risk of losses resulting from problems in the settlement and accounting process), “gap” risk (i.e., the risk of a mismatch between the return on cash collateral reinvestments and the fees the Fund has agreed to pay a borrower), and credit, legal, counterparty and market risk. In the event a borrower does not return the Fund’s securities as agreed, the Fund may experience losses if the proceeds received from liquidating the collateral do not at least equal the value of the loaned security at the time the collateral is liquidated plus the transaction costs incurred in purchasing replacement securities.

Tax Risks

As with any investment, you should consider how your investment in Shares will be taxed. The tax information in the Prospectus and this SAI is provided as general information. You should consult your own tax professional about the tax consequences of an investment in Shares.

Unless your investment in Shares is made through a tax-deferred retirement account or other tax-advantaged arrangement, such as an individual retirement account, you need to be aware of the possible tax consequences when the Fund makes distributions or you sell Shares.

Temporary Defensive Strategies

Under normal market conditions, the Fund will stay fully invested according to its principal investment strategies. For temporary defensive purposes during adverse market, economic, political, or other conditions, the Fund may invest up to 100% of its assets in cash or cash equivalents, such as U.S. Government obligations, investment grade debt securities and other money market instruments. Taking a temporary defensive position may result in the Fund not achieving its investment objective.

INVESTMENT RESTRICTIONS

The Trust has adopted the following investment restrictions as fundamental policies with respect to the Fund. These restrictions cannot be changed with respect to the Fund without the approval of the holders of a majority of the Fund's outstanding voting securities. For the purposes of the 1940 Act, a "majority of outstanding shares" means the vote of the lesser of: (1) 67% or more of the voting securities of the Fund present at the meeting if the holders of more than 50% of the Fund's outstanding voting securities are present or represented by proxy; or (2) more than 50% of the outstanding voting securities of the Fund.

Except with the approval of a majority of the outstanding voting securities, the Fund may not:

1. Borrow money or issue senior securities (as defined under the 1940 Act), except to the extent permitted under the 1940 Act.
2. Make loans, except to the extent permitted under the 1940 Act.
3. Purchase or sell real estate unless acquired as a result of ownership of securities or other instruments, except to the extent permitted under the 1940 Act. This shall not prevent the Fund from investing in securities or other instruments backed by real estate, real estate investment trusts ("REITs") or securities of companies engaged in the real estate business.
4. Purchase or sell commodities unless acquired as a result of ownership of securities or other instruments, except to the extent permitted under the 1940 Act. This shall not prevent the Fund from purchasing or selling options and futures contracts or from investing in securities or other instruments backed by physical commodities.
5. Underwrite securities issued by other persons, except to the extent permitted under the 1940 Act.
6. Concentrate its investments (i.e., hold more than 25% of its total assets) in any industry or group of related industries. For purposes of this limitation, securities of the U.S. government (including its agencies and instrumentalities), repurchase agreements collateralized by securities of the U.S. government (including its agencies and instrumentalities), investment companies, and tax-exempt securities of state or municipal governments and their political subdivisions are not considered to be issued by members of any industry.
7. With respect to 75% of its total assets, purchase the securities of any one issuer if, immediately after and as a result of such purchase, (a) the value of the Fund's holdings in the securities of such issuer exceeds 5% of the value of the Fund's total assets, or (b) the Fund owns more than 10% of the outstanding voting securities of the issuer (with the exception that this restriction does not apply to the Fund's investments in the securities of the U.S. government, or its agencies or instrumentalities, or other investment companies).

In determining its compliance with the fundamental investment restriction on concentration, the Fund will look through to the underlying holdings of any affiliated investment company and will consider its entire investment in any investment company with a policy to concentrate, or having otherwise disclosed that it is concentrated, in a particular industry or group of related industries as being invested in such industry or group of related industries. Additionally, in determining its compliance with the fundamental investment restriction on concentration, the Fund will look through to the user or use of private activity municipal bonds to determine their industry.

For purposes of applying the limitation set forth in the concentration policy set forth above, the Fund may use the Standard Industrial Classification (SIC) Codes, North American Industry Classification System (NAICS) Codes, MSCI Global Industry Classification System, FTSE/Dow Jones Industry Classification Benchmark (ICB) system, or any other reasonable industry classification system (including systems developed by the Adviser) to identify each industry. The Fund's method of applying the limitations in the above concentration policy, including the classification levels used, may differ from those of the Trust's other series.

If a percentage limitation is adhered to at the time of investment or contract, a later increase or decrease in percentage resulting from any change in value or total or net assets will not result in a violation of such restriction, except that the percentage limitations with respect to the borrowing of money and illiquid investments will be observed continuously.

EXCHANGE LISTING AND TRADING

Shares are listed for trading and trade throughout the day on the Exchange.

There can be no assurance that the Fund will continue to meet the requirements of the Exchange necessary to maintain the listing of Shares. The Exchange may, but is not required to, remove Shares from the listing under any of the following circumstances: (1) the Exchange becomes aware that the Fund is no longer eligible to operate in reliance on Rule 6c-11 of the Investment Company Act of 1940; (2) the Fund no longer complies with the Exchange's requirements for Shares; or (3) such other event shall occur or condition shall exist that, in the opinion of the Exchange, makes further dealings on the Exchange inadvisable. The Exchange will remove the Shares from listing and trading upon termination of the Fund.

The Trust reserves the right to adjust the price levels of Shares in the future to help maintain convenient trading ranges for investors. Any adjustments would be accomplished through stock splits or reverse stock splits, which would have no effect on the net assets of the Fund.

MANAGEMENT OF THE TRUST

Board Responsibilities. The Board oversees the management and operations of the Trust. Like all mutual funds, the day-to-day management and operation of the Trust is the responsibility of the various service providers to the Trust, such as the Adviser, the Sub-Advisers, the Distributor, the Administrator, the Sub-Administrator, the Custodian, and the Transfer Agent, each of whom is discussed in greater detail in this Statement of Additional Information. The Board has appointed various senior employees of the Administrator as officers of the Trust, with responsibility to monitor and report to the Board on the Trust's operations. In conducting this oversight, the Board receives regular reports from these officers and the service providers. For example, the Treasurer reports as to financial reporting matters and the President reports as to matters relating to the Trust's operations. In addition, the Adviser provides regular reports on the investment strategy and performance of the Fund. The Board has appointed a Chief Compliance Officer who administers the Trust's compliance program and regularly reports to the Board as to compliance matters. These reports are provided as part of formal "Board Meetings" which are typically held quarterly, in person, and involve the Board's review of recent operations. In addition, various members of the Board also meet with management in less formal settings, between formal "Board Meetings," to discuss various topics. In all cases, however, the role of the Board and of any individual Trustee is one of oversight and not of management of the day-to-day affairs of the Trust and its oversight role does not make the Board a guarantor of the Trust's investments, operations or activities.

As part of its oversight function, the Board receives and reviews various risk management reports and discusses these matters with appropriate management and other personnel. Because risk management is a broad concept comprised of many elements (e.g., investment risk, issuer and counterparty risk, compliance risk, operational risks, business continuity risks, etc.), the oversight of different types of risks is handled in different ways. For example, the Board meets regularly with the CCO to discuss compliance and operational risks and the Audit Committee meets with the Trust's independent public accounting firm to discuss, among other things, the internal control structure of the Trust's financial reporting function.

The full Board also receives reports from the Adviser as to investment risks of the Fund. In addition to these reports, from time to time the full Board receives reports from the Administrator and the Adviser as to enterprise risk management.

The Board recognizes that not all risks that may affect the Fund can be identified and/or quantified, that it may not be practical or cost-effective to eliminate or mitigate certain risks, that it may be necessary to bear certain risks (such as investment-related risks) to achieve the Fund's goals, and that the processes, procedures, and controls employed to address certain risks may be limited in their effectiveness. Moreover, reports received by the Board as to risk management matters are typically summaries of the relevant information. Most of the Fund's investment management and business affairs are carried out by or through the Adviser, Sub-Advisers, and other service providers, each of which has an independent interest in risk management but whose policies and the methods by which one or more risk management functions are carried out may differ from the Fund's and each other's in the setting of priorities, the resources available, or the effectiveness of relevant controls. As a result of the foregoing and other factors, the Board's ability to monitor and manage risk, as a practical matter, is subject to limitations.

Members of the Board. There are four members of the Board, three of whom are not interested persons of the Trust, as that term is defined in the 1940 Act (the "Independent Trustees"). Mr. Eric W. Falkeis serves as Chairman of the Board and is an interested person of the Trust.

The Board is composed of a majority (75 percent) of Independent Trustees. The Board has determined its leadership structure is appropriate given the specific characteristics and circumstances of the Trust. The Board has a Lead Independent Trustee, who acts as the primary liaison between the Independent Trustees and management. Ms. Michelle McDonough currently serves as the Lead Independent Trustee of the Board. The Board also believes that its leadership structure facilitates the orderly and efficient flow of information to the Independent Trustees from Fund management.

Additional information about each Trustee of the Trust is set forth below. The address of each Trustee of the Trust is c/o Tidal Trust II, 234 West Florida Street, Suite 203, Milwaukee, Wisconsin 53204.

Name and Year of Birth	Position Held with the Trust	Term of Office and Length of Time Served ⁽¹⁾	Principal Occupation(s) During Past 5 Years	Number of Portfolios in Fund Complex Overseen by Trustee ⁽²⁾	Other Directorships Held by Trustee During Past 5 Years
Independent Trustees⁽³⁾					
Javier Marquina Born: 1973	Trustee	Indefinite term; since 2022	Founder and Chief Executive Officer of ARQ Consultants Inc. (since 2019) a firm specializing in cross border real estate investments; Interim CEO for the Americas of Acciona Inmobiliaria (2020 to 2021); Head of Investment Team for Latin America for GLL Real Estate Partners (2016 to 2020).	310	Board Vice-Chairman of Inmobiliaria Specturm (Guatemala and UK); Independent Board Member of LATAM Logistics Properties S.A. (Columbia, Peru and Costa Rica); Independent Board Member of Logistic Properties of the Americas.
Michelle McDonough Born: 1980	Trustee	Indefinite term; since 2022	Chief Operating Officer, Trillium Asset Management LLC (2010 to 2024).	310	Trillium Asset Management, LLC (2020 to 2024)
Dave Norris Born: 1976	Trustee	Indefinite term; since 2022	Consulting work with RedRidge Diligence Services (2023 to 2024); Chief Operating Officer, RedRidge Diligence Services (2011 to 2023).	310	None
Interested Trustee					
Eric W. Falkeis ⁽⁴⁾ Born: 1973	President, Principal Executive Officer, Trustee, and Chairman	President and Principal Executive Officer since 2022, Indefinite term; Trustee, and Chairman, since 2022, Indefinite term	Chief Operating Officer, Tidal Investments LLC (since 2023); Chief Executive Officer, Tidal ETF Services LLC (since 2018).	371	Independent Director, Muzinich Direct Lending Income Fund, Inc. (since 2023); Independent Director, Muzinich BDC, Inc. (since 2019); Trustee, Professionally Managed Portfolios (27 series) (since 2011); Trustee and Chairman of Tidal Trust I (since 2018); Trustee and Chairman of Tidal Trust IV (since 2025).

- (1) The Trustees have designated a mandatory retirement age of 78, such that each Trustee, serving as such on the date he or she reaches the age of 78, shall submit his or her resignation not later than the last day of the calendar year in which his or her 78th birthday occurs.
- (2) The group of Funds sponsored by Tidal and managed by the Adviser or its affiliates, including Tidal Trust I, Tidal Trust II, Tidal Trust III, Tidal Trust IV and Tidal Trust V.

- (3) All Independent Trustees of the Trust are not “interested persons” of the Trust as defined under the 1940 Act (the “Independent Trustees”).
- (4) Mr. Falkeis is considered an “interested person” of the Trust due to his positions as Principal Executive Officer and Chairman of the Trust, and Chief Executive Officer of Tidal ETF Services LLC, a Tidal Financial Group company and an affiliate of the Adviser.

Individual Trustee Qualifications

The Board believes that each of the Trustees has the qualifications, experience, attributes and skills (“Trustee Attributes”) appropriate to their service as Trustees of the Trust in light of the Trust’s business and structure. Each of the Trustees has substantial business and professional backgrounds that indicate they have the ability to critically review, evaluate and access information provided to them. Certain of these business and professional experiences are set forth in detail in the table above. The Board annually conducts a ‘self-assessment’ wherein the effectiveness of the Board and individual Trustees is reviewed.

In addition to the information provided in the table above, below is certain additional information concerning each particular Trustee and certain of their Trustee Attributes. The information provided below, and in the table above, is not all-inclusive. Many Trustee Attributes involve intangible elements, such as intelligence, integrity, work ethic, the ability to work together, the ability to communicate effectively, the ability to exercise judgment, the ability to ask incisive questions, and commitment to shareholder interests. In conducting its annual self-assessment, the Board has determined that the Trustees have the appropriate attributes and experience to serve effectively as Trustees of the Trust.

The Board has concluded that Mr. Marquina should serve as a Trustee because of his substantial business experience related to commercial real estate investment and business development through his current position as CEO and Founder at ARQ Consultants Inc., as well as through former positions. The Board believes Mr. Marquina’s experience, qualifications, attributes, or skills, on an individual basis and in combination with those of the other Trustees, leads to the conclusion that he possesses the requisite skills and attributes as a Trustee to carry out oversight responsibilities with respect to the Trust.

The Board has concluded that Ms. McDonough should serve as a Trustee because of her substantial financial services experience, including experience with operations, compliance, IT, service provider oversight and management. For over a decade, Ms. McDonough has served as COO of Trillium Asset Management and in that capacity oversees all non-investment functions for the firm. The Board believes Ms. McDonough experience, qualifications, attributes, or skills, on an individual basis and in combination with those of the other Trustees, leads to the conclusion that he possesses the requisite skills and attributes as a Trustee to carry out oversight responsibilities with respect to the Trust.

The Board has concluded that Mr. Norris should serve as a Trustee because of his substantial experience across multitude of industries and operated businesses. Mr. Norris’ business operation experience consists of capital raising, business development, investor relations, strategic planning, treasury management, deal execution, restructuring oversight of back-office functions. Mr. Norris serves as the Trust’s Audit Committee Financial Expert. The Board believes Mr. Norris’ experience, qualifications, attributes, or skills, on an individual basis and in combination with those of the other Trustees, leads to the conclusion that he possesses the requisite skills and attributes as a Trustee to carry out oversight responsibilities with respect to the Trust.

The Board has concluded that Mr. Falkeis should serve as a Trustee because of his substantial investment company experience and his experience with financial, accounting, investment, and regulatory matters through his former position as Senior Vice President and Chief Financial Officer (and other positions) of U.S. Bancorp Fund Services, LLC, doing business as U.S. Bank Global Fund Services (“Global Fund Services”), a full service provider to ETFs, mutual funds, and alternative investment products, from 1997 to 2013, as well as a Trustee and Chairman of the Tidal Trust I, from 2018 to present, and Trustee and Chairman of Tidal Trust IV from 2025 to present. In addition, he has experience consulting with investment advisors regarding the legal structure of mutual funds, distribution channel analysis, and actual distribution of those funds. Mr. Falkeis also has substantial managerial, operational, technological, and risk oversight related experience through his former position as Chief Operating Officer of the advisers to the Direxion mutual fund and ETF complex. The Board believes Mr. Falkeis’ experience, qualifications, attributes, or skills on an individual basis and in combination with those of the other Trustees leads to the conclusion that he possesses the requisite skills and attributes as a Trustee to carry out oversight responsibilities with respect to the Trust.

Board Committees. The Board has established the following standing committees of the Board:

Audit Committee. The Board has a standing Audit Committee that is composed of each of the Independent Trustees of the Trust and is chaired by an Independent Trustee. Mr. Norris is chair of the Audit Committee and he presides at the Audit Committee meetings, participates in formulating agendas for Audit Committee meetings, and coordinates with management to serve as a liaison between the Independent Trustees and management on matters within the scope of responsibilities of the Audit Committee as set forth in its Board-approved written charter. The chair of the Audit Committee may delegate certain tasks to a vice chair. Ms. McDonough currently serves as vice chair of the Audit Committee. The principal responsibilities of the Audit Committee include overseeing the Trust's accounting and financial reporting policies and practices and its internal controls; overseeing the quality, objectivity and integrity of the Trust's financial statements and the independent audits thereof; monitoring the independent auditor's qualifications, independence, and performance; acting as a liaison between the Trust's independent auditors and the full Board; pre-approving all auditing services to be performed for the Trust; reviewing the compensation and overseeing the work of the independent auditor (including resolution of disagreements between management and the independent auditor regarding financial reporting) for the purpose of preparing or issuing an audit report or related work; pre-approving all permitted non-audit services (including the fees and terms thereof) to be performed for the Trust; pre-approving all permitted non-audit services to be performed for any investment adviser or sub-adviser to the Trust by any of the Trust's independent auditors if the engagement relates directly to the operations and financial reporting of the Trust; meeting with the Trust's independent auditors as necessary to (1) review the arrangement for and scope of the annual audits and any special audits, (2) discuss any matters of concern relating to the Fund's financial statements, (3) consider the independent auditors' comments with respect to the Trust's financial policies, procedures and internal accounting controls and Trust management's responses thereto, and (4) review the form of opinion the independent auditors propose to render to the Board and the Fund's shareholders; discussing with management and the independent auditor significant financial reporting issues and judgments made in connection with the preparation of the Fund's financial statements; and reviewing and discussing reports from the independent auditors on (1) all critical accounting policies and practices to be used, (2) all alternative treatments within generally accepted accounting principles for policies and practices related to material items that have been discussed with management, (3) other material written communications between the independent auditor and management, including any management letter, schedule of unadjusted differences, or management representation letter, and (4) all non-audit services provided to any entity in the Trust that were not pre-approved by the Committee; and reviewing disclosures made to the Committee by the Trust's principal executive officer and principal accounting officer during their certification process for the Fund's Form N-CSR. For the fiscal period ending July 31, 2025, the Audit Committee met twice with respect to the Fund.

The Audit Committee also serves as the Qualified Legal Compliance Committee ("QLCC") for the Trust for the purpose of compliance with Rules 205.2(k) and 205.3(c) of the Code of Federal Regulations, regarding alternative reporting procedures for attorneys retained or employed by an issuer who appear and practice before the SEC on behalf of the issuer (the "issuer attorneys"). An issuer attorney who becomes aware of evidence of a material violation by the Trust, or by any officer, director, employee, or agent of the Trust, may report evidence of such material violation to the QLCC as an alternative to the reporting requirements of Rule 205.3(b) (which requires reporting to the chief legal officer and potentially escalating further to other entities). For the fiscal period ending July 31, 2025, the QLCC did not meet with respect to the Trust.

Nominating and Governance Committee. The Board has a standing Nominating and Governance Committee that is composed of each of the Independent Trustees of the Trust. The Nominating and Governance Committee operates under a written charter approved by the Board. The Nominating and Governance Committee is responsible for seeking and reviewing candidates for consideration as nominees for Trustees as is considered necessary from time to time and meets only as necessary. The Nominating and Governance Committee generally will not consider nominees recommended by shareholders. The Nominating and Governance Committee is also responsible for, among other things, reviewing and making recommendations regarding Independent Trustee compensation and the Trustees' annual "self-assessment." Ms. McDonough is the chair of the Nominating and Governance Committee. The Nominating and Governance Committee meets periodically, as necessary, but at least annually. For the fiscal period ending July 31, 2025, the Nominating and Governance Committee met once with respect to the Trust.

Principal Officers of the Trust

The officers of the Trust conduct and supervise its daily business. The address of each officer of the Trust is c/o Tidal Trust II, 234 West Florida Street, Suite 203, Milwaukee, Wisconsin 53204, unless otherwise indicated. Additional information about the Trust's officers is as follows:

Name and Year of Birth	Position(s) Held with the Trust	Term of Office and Length of Time Served	Principal Occupation(s) During Past 5 Years
Eric W. Falkeis ⁽¹⁾ Born: 1973	Principal Executive Officer, Interested Trustee, Chairman	Principal Executive Officer since 2022, Indefinite term; Interested Trustee, Chairman, since 2022, Indefinite term	Chief Operating Officer, Tidal Investments LLC (since 2023); Chief Executive Officer, Tidal ETF Services LLC (since 2018).
William H. Woolverton, Esq. Born: 1951	Chief Compliance Officer and AML Compliance Officer	AML Compliance Officer since 2023, Indefinite term; Chief Compliance Officer, Indefinite term; since 2022	Chief Compliance Officer (since 2023), Tidal Investments LLC; Chief Compliance Officer, Tidal ETF Services LLC (since 2022); Operating Partner, Altamont Capital Partners (private equity firm) (since 2021); Director, Hadron Specialty Insurance Company (since 2023); Compliance Advisor (2022 to 2023), Tidal Investments LLC; Senior Compliance Advisor, ACA Global (2020 to 2022).
Ally L. Mueller Born: 1979	President	Indefinite term; since 2025	SVP of Launches & Client Success Management (since 2025), VP of Launches & Client Success Management (2024 to 2025), Head of ETF Launches and Client Success (2023 to 2024), Head of ETF Launches and Finance Director (2019 to 2023), Tidal ETF Services LLC; Vice President, Tidal Trust I (2022 to 2024).
Aaron J. Perkovich Born: 1973	Treasurer, Principal Financial Officer, and Principal Accounting Officer	Indefinite term; since 2023	SVP of Fund Administration (since 2024), Head of Fund Administration (2023 to 2024), Fund Administration Manager (2022 to 2023), Tidal ETF Services LLC; Assistant Director Investments, Mason Street Advisors, LLC (2021 to 2022); Vice President, U.S. Bancorp Fund Services, LLC (2006 to 2021).
Lissa M. Richter Born: 1979	Vice President	Indefinite term; since 2025	VP of Fund Governance and Compliance (since 2024), ETF Regulatory Manager, Tidal ETF Services LLC (2021 to 2024); Senior Paralegal, Rafferty Asset Management, LLC (2013 to 2020); Senior Paralegal, Officer, U.S Bancorp Fund Services LLC, (2005 to 2013).
Kelly J. Lavari Born: 1967	Secretary	Indefinite term; since 2025	VP of Fund Governance and Compliance (since 2024), Fund Governance Specialist (2023 to 2024), Compliance Manager – Global Credit Finance, State Street Bank & Trust (2016 to 2023).
Peter Chappy Born: 1975	Assistant Treasurer	Indefinite term; since 2023	AVP of Fund Administration (since 2024), Fund Administration Manager, Tidal ETF Services LLC (2023 to 2024); Product Owner, Allvue Systems (2022 to 2023); Senior Business Consultant, Refinitiv (2015 to 2022); Assistant Vice President, U.S. Bancorp Fund Services, LLC (2008 to 2015).
Melissa Breitzman Born: 1983	Assistant Treasurer	Indefinite term; since 2023	VP of Database Management (since 2024), Fund Administration Manager, Tidal ETF Services LLC (2023 to 2024); Assistant Vice President, U.S. Bancorp Fund Services, LLC (2005 to 2023).
Charles Ragauss Born: 1987	Vice President	Indefinite term; since 2022	SVP of PM & Trading (since 2024), Portfolio Manager, Tidal Investments LLC (2020 to 2024); Chief Operating Officer (and other capacities) CSat Investment Advisory, L.P. (2016 to 2020).

⁽¹⁾ Mr. Falkeis is considered an “interested person” of the Trust due to his positions as Principal Executive Officer and Chairman of the Trust, and Chief Executive Officer of Tidal ETF Services LLC, a Tidal Financial Group company and an affiliate of the Adviser.

Trustee Ownership of Shares. The Fund is required to show the dollar amount ranges of each Trustee’s “beneficial ownership” of Shares and each other series of the Trust as of the end of the most recently completed calendar year. Dollar amount ranges disclosed are established by the SEC. “Beneficial ownership” is determined in accordance with Rule 16a-1(a)(2) under the Securities Exchange Act of 1934, as amended (the “1934 Act”).

As of December 31, 2024, Mr. Marquina beneficially owned shares of certain series of the Trust as follows, and no other Trustee owned shares of any series of the Trust:

Trustee	Dollar Range of Shares Owned in the Fund	Aggregate Dollar Range of Shares of Series of the Trust
Javier Marquina	None	Over \$100,000

As of December 31, 2024, neither the Independent Trustees nor members of their immediate family, owned securities beneficially or of record in the Adviser, the Distributor (as defined below), or an affiliate of the Adviser or the Distributor. Accordingly, neither the Independent Trustees nor members of their immediate family, have direct or indirect interest, the value of which exceeds \$120,000, in the Adviser, the Distributor or any of their affiliates. In addition, during the two most recently completed calendar years, neither the Independent Trustees nor members of their immediate families have conducted any transactions (or series of transactions) in which the amount involved exceeds \$120,000 and to which the Adviser, the Distributor or any affiliate thereof was a party.

Board Compensation

Effective July 1, 2025, the Independent Trustees each receive a quarterly retainer of \$25,000 plus \$8,000 for each regular meeting attended and \$3,000 for each special meeting attended. The Independent Trustees also receive reimbursement for travel and other out-of-pocket expenses incurred in connection with serving as a Trustee. In addition, the Lead Independent Trustee receives an annual retainer of \$60,000, the Audit Committee Chair receives an annual retainer of \$60,000 and the Audit Committee Vice-Chair receives an annual retainer of \$20,000. The Trust has no pension or retirement plan.

From January 1, 2025 through June 30, 2025, the Independent Trustees each received a quarterly retainer of \$25,000 plus \$5,000 for each meeting attended. The Independent Trustees also received reimbursement for travel and other out-of-pocket expenses incurred in connection with serving as a Trustee. In addition, the Lead Independent Trustee received an annual retainer of \$35,000 and the Audit Committee Chair received an annual retainer of \$30,000. The Trust has no pension or retirement plan.

Prior to January 1, 2025, the Independent Trustees each received \$25,000 for each regular quarterly meeting attended and \$2,500 for each special meeting attended, as well as reimbursement for travel and other out-of-pocket expenses incurred in connection with serving as a Trustee. In addition, the Lead Independent Trustee received an annual retainer of \$25,000 and the Audit Committee Chair received an annual retainer of \$20,000. The Trust has no pension or retirement plan.

The following table shows the compensation earned by each Trustee for the Fund’s fiscal year ending July 31, 2025. Independent Trustee fees are an obligation of the Trust and are paid by the Adviser, as are other Trust expenses. The Trust pays the Adviser a unitary fee which the Adviser uses to pay Trust expenses. Trustee compensation shown below does not include reimbursed out-of-pocket expenses in connection with attendance at meetings.

Name	Aggregate Compensation From Fund	Total Compensation From Fund Complex Paid to Trustees ⁽¹⁾
Interested Trustees		
Eric W. Falkeis	\$0	\$0
Independent Trustees		
Javier Marquina	\$0	\$135,500
Michelle McDonough	\$0	\$165,500
David Norris	\$0	\$160,500

⁽¹⁾ Compensation is based on amounts for the fiscal year ending July 31, 2025.

PRINCIPAL SHAREHOLDERS, CONTROL PERSONS AND MANAGEMENT OWNERSHIP

A principal shareholder is any person who owns of record or beneficially 5% or more of the outstanding Shares. A control person is a shareholder that owns beneficially or through controlled companies more than 25% of the voting securities of a company or acknowledges the existence of control. Shareholders owning voting securities in excess of 25% may determine the outcome of any matter affecting and voted on by shareholders of the Fund.

As of October 30, 2025, to the best of the Trust's knowledge, the following shareholders were considered to be principal shareholders of the Fund:

Name and Address	% of Ownership	Type of Ownership
Altruist Financial LLC 3030 S La Cienega Blvd Culver City, CA 90232	43.65%	Record
State Street Bank & Trust Company 1 Congress Street, Suite 1 Boston, Massachusetts 02114	30.32%	Record
Charles Schwab & Co., Inc. 211 Main Street San Francisco, CA 94105	19.09%	Record

As of October 31, 2025, to the best of the Trust's knowledge, no person was a control person of the Fund and the Trustees and officers of the Trust, as a group, beneficially owned less than 1% of the outstanding shares of the Fund.

CODES OF ETHICS

The Trust, the Adviser, and the Sub-Advisers have each adopted codes of ethics pursuant to Rule 17j-1 of the 1940 Act. These codes of ethics are designed to prevent affiliated persons of the Trust, the Adviser, and the Sub-Advisers from engaging in deceptive, manipulative, or fraudulent activities in connection with securities held or to be acquired by the Fund (which may also be held by persons subject to the codes of ethics). Each code of ethics permits personnel subject to that code of ethics to invest in securities for their personal investment accounts, subject to certain limitations, including limitations related to securities that may be purchased or held by the Fund. The Distributor (as defined below) relies on the principal underwriters exception under Rule 17j-1(c)(3), specifically where the Distributor is not affiliated with the Trust, the Adviser, or the Sub-Advisers, and no officer, director, or general partner of the Distributor serves as an officer, director, or general partner of the Trust, Adviser, or the Sub-Advisers.

There can be no assurance that the codes of ethics will be effective in preventing such activities. Each code of ethics may be found on the SEC's website at www.sec.gov.

PROXY VOTING POLICIES

The Board has delegated proxy voting responsibilities to the Adviser, which, in turn, delegated the responsibilities to Carbon Collective, subject to the Board's oversight. In delegating proxy responsibilities, the Board has directed that proxies be voted consistent with the Fund's and its shareholders' best interests and in compliance with all applicable proxy voting rules and regulations. The Adviser has adopted proxy voting policies and guidelines for this purpose ("Proxy Voting Policies"), which have been adopted by the Trust as the policies and procedures that will be used when voting proxies on behalf of the Fund.

In the absence of a conflict of interest, the Sub-Adviser will generally vote "for" routine proposals, such as the election of directors, approval of auditors, and amendments or revisions to corporate documents to eliminate outdated or unnecessary provisions. Unusual or disputed proposals will be reviewed and voted on a case-by-case basis. The Proxy Voting Policies address, among other things, material conflicts of interest that may arise between the interests of the Fund and the interests of the Adviser. The Proxy Voting Policies will ensure that all issues brought to shareholders are analyzed in light of the Sub-Adviser's fiduciary responsibilities.

Carbon Collective believes that when individuals and intuitions are voting proxies to drive tangible climate impact from publicly traded companies, they can influence the style of their growth and help drive a path to a stable climate. Carbon Collective uses the Proxy Voting Guidelines published by As You Sow, a non-profit leader in shareholder advocacy to promote environmental and social corporate responsibility. Carbon Collective has reviewed the philosophy and guidance principles of their proxy recommendations and finds that their recommendations closely align with those of its clients and their investment objectives.

- Carbon Collective has retained Proxy Edge to assist in the proxy voting process and uses their system to review upcoming votes and voting recommendations as well as authorize the proxy votes made on behalf of clients. In the event there is not a recommendation from the As You Sow guidelines; Proxy Edge may provide a recommendation from their standard or socially responsible guidelines for review and confirmation by Carbon Collective prior to voting.
- Carbon Collective is sensitive to conflicts of interest that may arise in the proxy decision-making process. For example, conflicts of interest may arise when: (i) Carbon Collective has a business relationship with an issuer's corporate directors or director candidates; (ii) a proponent of a proxy proposal has a business relationship with Carbon Collective (e.g., an employee or shareholder for whom Carbon Collective manages money); or (iii); a Carbon Collective employee has a personal interest in the outcome of a particular matter before shareholders (e.g., a Carbon Collective executive has a relative who serves as a director of a company). In order to identify potential conflicts of interest, Carbon Collective requests information from its employees and access persons to identify potential conflicting relationships. Carbon Collective is committed to resolving all such and similar conflicts in its clients' best interests. In the event of a material conflict of interest, Carbon Collective will vote proxies in accordance with the As You Sow recommendation. If no recommendation is provided by the As You Sow guidelines, then Carbon Collective will defer to the Proxy Edge ESG guidelines and vote accordingly.

The Trust's Chief Compliance Officer is responsible for monitoring the effectiveness of the Proxy Voting Policies.

Information on how the Fund voted proxies relating to portfolio securities during the most recent 12-month period ended June 30 is available (1) without charge, upon request, by calling (833) 794-0140, (2) on the Fund's website at www.carboncollectivefunds.com or (3) on the SEC's website at www.sec.gov.

INVESTMENT ADVISER

Tidal Investments LLC ("Tidal" or the "Adviser"), a Tidal Financial Group company, located at 234 West Florida Street, Suite 203, Milwaukee, Wisconsin 53204, serves as investment adviser to the Fund and has overall responsibility for the general management and administration of the Fund.

Pursuant to the Investment Advisory Agreement (the "Advisory Agreement"), the Adviser provides investment advice to the Fund and oversees the day-to-day operations of the Fund subject to the direction and oversight of the Board. Under the Advisory Agreement, the Adviser is also responsible for arranging sub-advisory, transfer agency, custody, fund administration and accounting, and other related services necessary for the Fund to operate. The Adviser provides oversight of the Sub-Advisers and reviews each of the Sub-Adviser's performance. The Adviser administers the Fund's business affairs, provides office facilities and equipment and certain clerical, bookkeeping, and administrative services. Under the Advisory Agreement, in exchange for a single unitary management fee from the Fund, the Adviser has agreed to pay all expenses incurred by the Fund except for the Excluded Expenses, as defined in the Prospectus. For services provided to the Fund, the Fund pays the Adviser a unitary management fee, which is calculated daily and paid monthly, at an annual rate of 0.50% based on the Fund's average daily net assets.

The Advisory Agreement with respect to the Fund will continue in force for an initial period of two years. Thereafter, the Advisory Agreement will be renewable from year to year with respect to the Fund, so long as its continuance is approved at least annually (1) by the vote, cast in person (or in another manner permitted by the 1940 Act or pursuant to exemptive relief therefrom) at a meeting called for that purpose, of a majority of those Trustees who are not "interested persons" of the Adviser or the Trust; and (2) by the majority vote of either the full Board or the vote of a majority of the outstanding Shares. The Advisory Agreement automatically terminates on assignment and is terminable on a 60-day written notice either by the Trust or the Adviser.

The Adviser shall not be liable to the Trust or any shareholder for anything done or omitted by it, except acts or omissions involving willful misfeasance, bad faith, gross negligence or reckless disregard of the duties imposed upon it by its agreement with the Trust or for any losses that may be sustained in the purchase, holding, or sale of any security.

The table below shows management fees paid by the Fund to the Adviser for the fiscal period/year indicated.

	Management Fee
Fiscal year ending July 31, 2025	\$79,781
For April 11, 2024 (commencement of operations) to July 31, 2024	\$15,185

INVESTMENT SUB-ADVISERS

Carbon Collective

The Adviser has retained Carbon Collective Investing, LLC, located at 2648 International Blvd, Suite 115, Oakland, California 94601, to serve as investment sub-adviser to the Fund pursuant to a sub-advisory agreement between the Adviser and Carbon Collective (the “Carbon Collective Sub-Advisory Agreement”). Carbon Collective is responsible for the day-to-day management of the Fund’s portfolio, subject to the supervision of the Adviser and the Board. For its services, Carbon Collective is paid a fee by the Adviser, which fee is calculated daily and paid monthly, at an annual rate of 0.02% of the Fund’s average daily net assets.

Carbon Collective has agreed to assume a portion of the Adviser’s obligation to pay expenses incurred by the Fund, except for the sub-advisory fee payable to Carbon Collective and Excluded Expenses. For assuming the payment obligations for the Fund, the Adviser has agreed to pay Carbon Collective a portion of the profits, if any, generated by the Fund’s unitary management fee. Such expenses incurred by the Fund and paid by Carbon Collective include fees charged by Tidal ETF Services, LLC, the Fund’s administrator and an affiliate of the Adviser.

The Carbon Collective Sub-Advisory Agreement with respect to the Fund will continue in force for an initial period of two years. Thereafter, the Carbon Collective Sub-Advisory Agreement will be renewable from year to year with respect to the Fund, so long as its continuance is approved at least annually (1) by the vote, cast in person at a meeting (or in another manner permitted by the 1940 Act or pursuant to exemptive relief therefrom) called for that purpose, of a majority of those Trustees who are not “interested persons” of the Trust; and (2) by the majority vote of either the full Board or the vote of a majority of the outstanding Shares. The Carbon Collective Sub-Advisory Agreement will terminate automatically in the event of its assignment, and is terminable at any time, without penalty, by the Board, including a majority of the Independent Trustees, or by the vote of a majority of the outstanding voting securities of the Fund, on 60 days’ written notice to the Adviser and Carbon Collective, or by the Adviser or Sub-Adviser on 60 days’ written notice to the Trust and the other party. The Carbon Collective Sub-Advisory Agreement provides that Carbon Collective shall not be protected against any liability to the Trust or its shareholders by reason of willful misfeasance, bad faith or gross negligence on its part in the performance of its duties or from reckless disregard of its obligations or duties thereunder.

The table below shows fees paid by the Adviser to Carbon Collective with respect to the Fund for the fiscal year/period indicated.

	Sub-Advisory Fee
Fiscal year ending July 31, 2025	\$4,328
For April 11, 2024 (commencement of operations) to July 31, 2024	\$608

Artesian

The Adviser has retained Artesian Capital Management (Delaware) LP, located at 499 7th Ave, Level 22N, New York, NY 10018, to serve as investment sub-adviser to the Fund pursuant to a sub-advisory agreement between the Adviser and Artesian (the “Artesian Sub-Advisory Agreement”). Artesian is responsible for the day-to-day management of the Fund’s portfolio, including determining the securities to be purchased and sold by the Fund, subject to the supervision of the Adviser and the Board. For its services, Artesian is paid a fee by the Adviser, which fee is calculated daily and paid monthly, at an annual rate of 0.02% of the Fund’s average daily net assets.

Artesian has agreed to assume a portion of the Adviser’s obligation to pay expenses incurred by the Fund, except for the sub-advisory fee payable to Artesian and Excluded Expenses. For assuming the payment obligations for the Fund, the Adviser has agreed to pay Artesian a portion of the profits, if any, generated by the Fund’s unitary management fee. Such expenses incurred by the Fund and paid by Artesian include fees charged by Tidal ETF Services, LLC, the Fund’s administrator and an affiliate of the Adviser.

The Artesian Sub-Advisory Agreement with respect to the Fund will continue in force for an initial period of two years. Thereafter, the Artesian Sub-Advisory Agreement will be renewable from year to year with respect to the Fund, so long as its continuance is approved at least annually (1) by the vote, cast in person at a meeting (or in another manner permitted by the 1940 Act or pursuant to exemptive relief therefrom) called for that purpose, of a majority of those Trustees who are not “interested persons” of the Trust; and (2) by the majority vote of either the full Board or the vote of a majority of the outstanding Shares. The Artesian Sub-Advisory Agreement will terminate automatically in the event of its assignment, and is terminable at any time, without penalty, by the Board, including a majority of the Independent Trustees, or by the vote of a majority of the outstanding voting securities of the Fund, on 60 days’ written notice to the Adviser and Artesian, or by the Adviser or Sub-Adviser on 60 days’ written notice to the Trust and the other party. The Artesian Sub-Advisory Agreement provides that Artesian shall not be protected against any liability to the Trust or its shareholders by reason of willful misfeasance, bad faith or gross negligence on its part in the performance of its duties or from reckless disregard of its obligations or duties thereunder.

The table below shows fees paid by the Adviser to Artesian with respect to the Fund for the fiscal year/period indicated.

	Sub-Advisory Fee
Fiscal year ending July 31, 2025	\$4,328
For April 11, 2024 (commencement of operations) to July 31, 2024	\$608

PORTFOLIO MANAGERS

The Fund is managed jointly and primarily by James Regulinski, Co-Founder and Portfolio Manager for Carbon Collective, and John McCartney, Co-Founder and Portfolio Manager for Artesian.

Other Accounts. In addition to the Fund, the portfolio managers managed the following other accounts as of July 31, 2025.

James Regulinski, Co-Founder and Portfolio Manager for Carbon Collective

Type of Accounts	Total Number of Accounts	Total Assets of Accounts (in millions)	Total Number of Accounts Subject to a Performance-Based Fee	Total Assets of Accounts Subject to a Performance-Based Fee (in millions)
Registered Investment Companies	2	\$58	0	\$0
Other Pooled Investment Vehicles	2	\$56	0	\$0
Other Accounts	1,252	\$ 174	0	\$0

John McCartney, Co-Founder and Portfolio Manager for Artesian

Type of Accounts	Total Number of Accounts	Total Assets of Accounts (in millions)	Total Number of Accounts Subject to a Performance-Based Fee	Total Assets of Accounts Subject to a Performance-Based Fee (in millions)
Registered Investment Companies	1	\$21	0	\$0
Other Pooled Investment Vehicles	0	\$0	0	\$0
Other Accounts	2	\$13.2	1	\$1.7

Portfolio Manager Fund Ownership. The Fund is required to show the dollar range of each portfolio manager's "beneficial ownership" of Shares as of the end of the most recently completed fiscal year. Dollar amount ranges disclosed are established by the SEC. "Beneficial ownership" is determined in accordance with Rule 16a-1(a)(2) under the 1934 Act. As of July 31, 2025, Mr. Regulinski beneficially owned Shares of the Fund in the range of \$10,001–\$50,000 and Mr. McCartney beneficially owned Shares of the Fund in the range of \$10.0001 - \$50,000.

Portfolio Manager Compensation. Mr. James Regulinski is paid a salary and standard benefits package similar to other employees of Carbon Collective. None of his compensation is determined, in whole or in part, on the performance of the Fund. He is also a co-founder of Carbon Collective and has a majority ownership stake therein.

Mr. John McCartney is paid a salary and standard benefits package similar to other employees of Artesian. He is also a co-founder of Artesian and holds a significant equity position in the business.

Description of Material Conflicts of Interest. The portfolio managers' management of "other accounts" may give rise to potential conflicts of interest in connection with their management of the Fund's investments, on the one hand, and the investments of the other accounts, on the other. The other accounts may have similar investment objectives or strategies as the Fund. A potential conflict of interest may arise as a result, whereby a portfolio manager could favor one account over another. Another potential conflict could include a portfolio manager's knowledge about the size, timing, and possible market impact of Fund trades, whereby a portfolio manager could use this information to the advantage of other accounts and to the disadvantage of the Fund. For instance, the portfolio managers may receive fees from certain accounts that are higher than the fees received from the Fund, or receive a performance-based fee on certain accounts. In those instances, a portfolio manager has an incentive to favor the higher and/or performance-based fee accounts over the Fund. To mitigate these conflicts, the Adviser and each Sub-Adviser have each established policies and procedures to ensure that the purchase and sale of securities among all accounts the firms manage are fairly and equitably allocated.

THE DISTRIBUTOR

The Trust and Foreside Fund Services, LLC, a wholly owned subsidiary of Foreside Financial Group, (dba ACA Group), (the “Distributor”) are parties to a distribution agreement (“Distribution Agreement”), whereby the Distributor acts as principal underwriter for the Fund and distributes Shares on a best efforts basis. Shares are continuously offered for sale by the Distributor only in Creation Units. The Distributor will not distribute Shares in amounts less than a Creation Unit and does not maintain a secondary market in Shares. The principal business address of the Distributor is 190 Middle Street, Suite 310, Portland, Maine 04101.

Under the Distribution Agreement, the Distributor, as agent for the Trust, will review orders for the purchase and redemption of Creation Units, provided that any subscriptions and orders will not be binding on the Trust until accepted by the Trust. The Distributor is a broker-dealer registered under the 1934 Act and a member of FINRA.

The Distributor may also enter into agreements with securities dealers (“Soliciting Dealers”) who will solicit purchases of Creation Units of Shares. Such Soliciting Dealers may also be Authorized Participants (as discussed in “Procedures for Purchase of Creation Units” below) or DTC participants (as defined below).

The Distribution Agreement will continue for two years from its effective date and is renewable annually thereafter. The continuance of the Distribution Agreement must be specifically approved at least annually (1) by the vote of the Trustees or by a vote of the shareholders of the Fund and (2) by the vote of a majority of the Independent Trustees who have no direct or indirect financial interest in the operations of the Distribution Agreement or any related agreement, cast in person (or in another manner permitted by the 1940 Act or pursuant to exemptive relief therefrom) at a meeting called for the purpose of voting on such approval. The Distribution Agreement is terminable without penalty by the Trust on 60 days’ written notice when authorized either by majority vote of its outstanding voting Shares or by a vote of a majority of its Board (including a majority of the Independent Trustees), or by the Distributor on 60 days’ written notice, and will automatically terminate in the event of its assignment. The Distribution Agreement provides that, in the absence of willful misfeasance, bad faith, or gross negligence on the part of the Distributor, or reckless disregard by it of its obligations thereunder, the Distributor shall not be liable for any action or failure to act in accordance with its duties thereunder.

For the fiscal year ended July 31, 2025, the Fund did not incur underwriting commissions and the Distributor did not retain any amounts.

Intermediary Compensation. The Adviser, the Sub-Advisers, or their affiliates, out of their own resources and not out of Fund assets (i.e., without additional cost to the Fund or its shareholders), may pay certain broker dealers, banks, and other financial intermediaries (“Intermediaries”) for certain activities related to the Fund, including participation in activities that are designed to make Intermediaries more knowledgeable about exchange traded products, including the Fund, or for other activities, such as marketing and educational training or support. These arrangements are not financed by the Fund and, thus, do not result in increased Fund expenses. They are not reflected in the fees and expenses listed in the fees and expenses sections of the Fund’s Prospectus and they do not change the price paid by investors for the purchase of Shares or the amount received by a shareholder as proceeds from the redemption of Shares.

Such compensation may be paid to Intermediaries that provide services to the Fund, including marketing and education support (such as through conferences, webinars, and printed communications). The Adviser and each Sub-Adviser will periodically assess the advisability of continuing to make these payments. Payments to an Intermediary may be significant to the Intermediary, and amounts that Intermediaries pay to your adviser, broker, or other investment professional, if any, may also be significant to such adviser, broker, or investment professional. Because an Intermediary may make decisions about what investment options it will make available or recommend, and what services to provide in connection with various products, based on payments it receives or is eligible to receive, such payments create conflicts of interest between the Intermediary and its clients. For example, these financial incentives may cause the Intermediary to recommend the Fund over other investments. The same conflict of interest exists with respect to your financial adviser, broker, or investment professional if they receive similar payments from their Intermediary firm.

Intermediary information is current only as of the date of this SAI. Please contact your adviser, broker, or other investment professional for more information regarding any payments their Intermediary firm may receive. Any payments made by the Adviser, the Sub-Advisers, or their affiliates to an Intermediary may create the incentive for an Intermediary to encourage customers to buy Shares.

If you have any additional questions, please call (833) 794-0140.

Distribution (Rule 12b-1) Plan. The Trust has adopted a Distribution (Rule 12b-1) Plan (the “Plan”) in accordance with the provisions of Rule 12b-1 under the 1940 Act. No payments pursuant to the Plan are expected to be made during the twelve (12) month period from the date of this SAI. Rule 12b-1 fees to be paid by the Fund under the Plan may only be imposed after approval by the Board.

Continuance of the Plan must be approved annually by a majority of the Trustees of the Trust and by a majority of the Trustees who are not interested persons (as defined in the 1940 Act) of the Trust and have no direct or indirect financial interest in the Plan or in any agreements related to the Plan (“Disinterested Trustees”). None of the Trustees have a direct or indirect financial interest in the Plan or any agreements related to the Plan. The Plan may be continued from year-to-year only if the Board, including a majority of the Disinterested Trustees, concludes at least annually that continuation of the Plan is likely to benefit shareholders. The Board has determined that the Plan is likely to benefit the Fund by providing an incentive for brokers, dealers, and other financial intermediaries to engage in sales and marketing efforts on behalf of the Fund and to provide enhanced services to shareholders. The Board also determined that the Plan may enhance the Fund’s ability to sell shares and access important distribution channels.

The Plan requires that quarterly written reports of amounts spent under the Plan and the purposes of such expenditures be furnished to and reviewed by the Trustees. The Plan may not be amended to increase materially the amount that may be spent thereunder without approval by a majority of the outstanding Shares. All material amendments of the Plan will require approval by a majority of the Trustees of the Trust and of the Disinterested Trustees.

The Plan provides that the Fund pays the Distributor an annual fee of up to a maximum of 0.25% of the average daily net assets of the Shares. Under the Plan, the Distributor may make payments pursuant to written agreements to financial institutions and intermediaries such as banks, savings and loan associations, and insurance companies including, without limit, investment counselors, broker-dealers, and the Distributor’s affiliates and subsidiaries (collectively, “Agents”) as compensation for services and reimbursement of expenses incurred in connection with distribution assistance. The Plan is characterized as a compensation plan since the distribution fee will be paid to the Distributor without regard to the distribution expenses incurred by the Distributor or the amount of payments made to other financial institutions and intermediaries. The Trust intends to operate the Plan in accordance with its terms and with FINRA rules concerning sales charges.

Under the Plan, subject to the limitations of applicable law and regulations, the Fund is authorized to compensate the Distributor up to the maximum amount to finance any activity primarily intended to result in the sale of Creation Units of the Fund or for providing, or arranging for others to provide, shareholder services and for the maintenance of shareholder accounts. Such activities may include, but are not limited to: (1) delivering copies of the Fund’s then current reports, prospectuses, notices, and similar materials, to prospective purchasers of Creation Units; (2) marketing and promotional services, including advertising; (3) paying the costs of and compensating others, including Authorized Participants with whom the Distributor has entered into written Authorized Participant Agreements, for performing shareholder servicing on behalf of the Fund; (4) compensating certain Authorized Participants for providing assistance in distributing the Creation Units of the Fund, including the travel and communication expenses and salaries and/or commissions of sales personnel in connection with the distribution of the Creation Units of the Fund; (5) payments to financial institutions and intermediaries such as banks, savings and loan associations, insurance companies, and investment counselors, broker-dealers, mutual fund supermarkets, and the affiliates and subsidiaries of the Trust’s service providers as compensation for services or reimbursement of expenses incurred in connection with distribution assistance; (6) facilitating communications with beneficial owners of Shares, including the cost of providing, or paying others to provide, services to beneficial owners of Shares, including, but not limited to, assistance in answering inquiries related to Shareholder accounts; and (7) such other services and obligations as are set forth in the Distribution Agreement.

ADMINISTRATOR

Tidal ETF Services LLC (the “Administrator”), a Tidal Financial Group company and an affiliate of the Adviser, serves as the Fund’s administrator. The Administrator is located at 234 West Florida Street, Suite 203, Milwaukee, Wisconsin 53204. Pursuant to a Fund Administration Servicing Agreement between the Trust and the Administrator, the Administrator provides the Trust with, or arranges for, administrative, compliance, and management services (other than investment advisory services) to be provided to the Trust and the Board. Pursuant to the Fund Administration Servicing Agreement, officers or employees of the Administrator serve as the Trust’s principal executive officer, principal financial officer, and chief compliance officer, the Administrator coordinates the payment of Fund-related expenses, and the Administrator manages the Trust’s relationships with its various service providers. As compensation for the services it provides, the Administrator receives a fee based on the Fund’s average daily net assets, subject to a minimum annual fee. The Administrator also is entitled to certain out-of-pocket expenses for the services mentioned above.

The table below shows fees paid for administration services by the Adviser to the Administrator with respect to the Fund for the fiscal year/period indicated.

	Fees Paid to the Administrator
<u>Fiscal year ending July 31, 2025</u>	\$30,000
For April 11, 2024 (commencement of operations) to July 31, 2024	\$14,119

SUB-ADMINISTRATOR AND TRANSFER AGENT

Global Fund Services, located at 615 East Michigan Street, Milwaukee, Wisconsin 53202, serves as the Fund's sub-administrator and transfer agent.

Pursuant to a Fund Sub-Administration Servicing Agreement and a Fund Accounting Servicing Agreement between the Trust and Global Fund Services, Global Fund Services provides the Trust with administrative and management services (other than investment advisory services) and accounting services, including portfolio accounting services, tax accounting services and furnishing financial reports. In this capacity, Global Fund Services does not have any responsibility or authority for the management of the Fund, the determination of investment policy, or for any matter pertaining to the distribution of Shares. As compensation for the administration, accounting and management services, the Adviser pays Global Fund Services a fee based on the Fund's average daily net assets, subject to a minimum annual fee. Global Fund Services also is entitled to certain out-of-pocket expenses for the services mentioned above, including pricing expenses.

The table below shows fees paid for sub-administration services by the Adviser to Global Fund Services with respect to the Fund for the fiscal year/period indicated.

	Fees Paid to the Sub-Administrator
Fiscal year ending July 31, 2025	\$35,000
For April 11, 2024 (commencement of operations) to July 31, 2024	\$10,623

CUSTODIAN

Pursuant to a Custody Agreement, U.S. Bank National Association ("U.S. Bank"), 1555 North Rivercenter Drive, Milwaukee, Wisconsin 53212, serves as the custodian (the "Custodian") of the Fund's assets. U.S. Bank is the parent company of Global Fund Services. The Custodian holds and administers the assets in the Fund's portfolio. Pursuant to the Custody Agreement, the Custodian receives an annual fee from the Adviser based on the Trust's total average daily net assets, subject to a minimum annual fee, and certain settlement charges. The Custodian also is entitled to certain out-of-pocket expenses.

LEGAL COUNSEL

Sullivan & Worcester LLP, 1251 Avenue of the Americas, 19th Floor, New York, New York 10020, serves as legal counsel for the Trust and the Independent Trustees.

INDEPENDENT REGISTERED PUBLIC ACCOUNTING FIRM

Cohen & Company, Ltd., 1835 Market Street, Suite 310, Philadelphia, PA 19103, serves as the independent registered public accounting firm for the Fund. Its services include auditing the Funds' financial statement. Cohen & Co Advisory, LLC, an affiliate of Cohen & Company, Ltd., provides tax services as requested

PORTFOLIO HOLDINGS DISCLOSURE POLICIES AND PROCEDURES

The Board has adopted a policy regarding the disclosure of information about the Fund's security holdings. The Fund's entire portfolio holdings are publicly disseminated each day the Fund is open for business and through financial reporting and news services including publicly available internet web sites. In addition, the composition of the Deposit Securities is publicly disseminated daily prior to the opening of the Exchange via the National Securities Clearing Corporation ("NSCC").

DESCRIPTION OF SHARES

The Third Amended and Restated Declaration of Trust ("Declaration of Trust") authorizes the issuance of an unlimited number of funds and shares. Each share represents an equal proportionate interest in the Fund with each other share. Shares are entitled upon liquidation to a pro rata share in the net assets of the Fund. Shareholders have no preemptive rights. The Declaration of Trust provides that the Trustees may create additional series or classes of shares. All consideration received by the Trust for shares of any additional funds and all assets in which such consideration is invested would belong to that fund and would be subject to the liabilities related thereto. Share certificates representing Shares will not be issued. Shares, when issued, are fully paid and non-assessable.

Each Share has one vote with respect to matters upon which a shareholder vote is required, consistent with the requirements of the 1940 Act and the rules promulgated thereunder. Shares of all funds in the Trust vote together as a single class, except that if the matter being voted on affects only a particular fund it will be voted on only by that fund and if a matter affects a particular fund differently from other funds, that fund will vote separately on such matter. As a Delaware statutory trust, the Trust is not required, and does not intend, to hold annual meetings of shareholders. Approval of shareholders will be sought, however, for certain changes in the operation of the Trust and for the election of Trustees under certain circumstances. The Trust will call for a meeting of shareholders to consider the removal of one or more Trustees and other certain matters upon the written request of shareholders holding at least a majority of the outstanding shares of the Trust entitled to vote at such meeting. In the event that such a meeting is requested, the Trust will provide appropriate assistance and information to the shareholders requesting the meeting.

Under the Declaration of Trust, the Trustees have the power to liquidate the Fund without shareholder approval. While the Trustees have no present intention of exercising this power, they may do so if the Fund fails to reach a viable size within a reasonable amount of time or for such other reasons as may be determined by the Board.

LIMITATION OF TRUSTEES' LIABILITY

The Declaration of Trust provides that a Trustee shall be liable only for his or her own willful misfeasance, bad faith, gross negligence, or reckless disregard of the duties involved in the conduct of the office of Trustee, and shall not be liable for errors of judgment or mistakes of fact or law. The Declaration of Trust also provides that the Trust shall indemnify each person who is, or has been, a Trustee or officer of the Trust, and upon the due approval of the Trustees, each person who is, or has been an employee or agent of the Trust, and, upon due approval of the Trustees, any person who is serving or has served at the Trust's request as a director, officer, partner, trustee, employee, agent, or fiduciary of another organization with respect to any alleged acts or omissions while acting within the scope of a Trustee's service in such a position. However, nothing in the Declaration of Trust shall protect or indemnify a Trustee against any liability for a Trustee's willful misfeasance, bad faith, gross negligence, or reckless disregard of the duties involved in the conduct of the office of Trustee. Nothing contained in this section attempts to disclaim a Trustee's individual liability in any manner inconsistent with the federal securities laws.

BROKERAGE TRANSACTIONS

The policy of the Trust regarding purchases and sales of securities for the Fund is that primary consideration will be given to obtaining the most favorable prices and efficient executions of transactions. Consistent with this policy, when securities transactions are effected on a stock exchange, the Trust's policy is to pay commissions which are considered fair and reasonable without necessarily determining that the lowest possible commissions are paid in all circumstances. The Trust believes that a requirement always to seek the lowest possible commission cost could impede effective portfolio management and preclude the Fund and the Adviser and Sub-Advisers from obtaining a high quality of brokerage and research services. In seeking to determine the reasonableness of brokerage commissions paid in any transaction, the Adviser and Sub-Advisers will rely upon their respective experience and knowledge regarding commissions generally charged by various brokers and on its judgment in evaluating the brokerage services received from the broker effecting the transaction. Such determinations are necessarily subjective and imprecise, as in most cases, an exact dollar value for those services is not ascertainable. The Trust has adopted policies and procedures that prohibit the consideration of sales of Shares as a factor in the selection of a broker or dealer to execute its portfolio transactions.

The Adviser and Sub-Advisers owe fiduciary duties to their clients to seek to provide best execution on trades effected. In selecting a broker/dealer for each specific transaction, the Adviser and Sub-Advisers each chooses the broker/dealer deemed most capable of providing the services necessary to obtain the most favorable execution. "Best execution" is generally understood to mean the most favorable cost or net proceeds reasonably obtainable under the circumstances. The full range of brokerage services applicable to a particular transaction may be considered when making this judgment, which may include, but is not limited to liquidity, price, commission, timing, aggregated trades, capable floor brokers or traders, competent block trading coverage, ability to position, capital strength and stability, reliable and accurate communications and settlement processing, use of automation, knowledge of other buyers or sellers, arbitrage skills, administrative ability, underwriting, and provision of information on a particular security or market in which the transaction is to occur. The specific criteria will vary depending upon the nature of the transaction, the market in which it is executed, and the extent to which it is possible to select from among multiple broker/dealers. The Adviser and Sub-Advisers will also use electronic crossing networks ("ECNs") when appropriate.

Subject to the foregoing policies, brokers or dealers selected to execute the Fund's portfolio transactions may include the Fund's Authorized Participants (as discussed in "Purchase and Redemption of Shares in Creation Units — Procedures for Purchase of Creation Units" below) or their affiliates. An Authorized Participant or its affiliates may be selected to execute the Fund's portfolio transactions in conjunction with an all-cash Creation Unit order or an order including "cash-in-lieu" (as described below under "Purchase and Redemption of Shares in Creation Units"), so long as such selection is in keeping with the foregoing policies. As described below under "Purchase and Redemption of Shares in Creation Units — Creation Transaction Fee" and " — Redemption Transaction Fee", the Fund may determine to not charge a variable fee on certain orders when the Adviser has determined that doing so is in the best interests of Fund shareholders, even if the decision to not charge a variable fee could be viewed as benefiting the Authorized Participant or its affiliate selected to execute the Fund's portfolio transactions in connection with such orders.

The Adviser and Sub-Advisers each may use the Fund's assets for, or participate in, third-party soft dollar arrangements, in addition to receiving proprietary research from various full-service brokers, the cost of which is bundled with the cost of the broker's execution services. The Adviser and Sub-Advisers do not "pay up" for the value of any such proprietary research. Section 28(e) of the 1934 Act permits the Adviser and Sub-Advisers under certain circumstances, to cause the Fund to pay a broker or dealer a commission for effecting a transaction in excess of the amount of commission another broker or dealer would have charged for effecting the transaction in recognition of the value of brokerage and research services provided by the broker or dealer. The Adviser or Sub-Advisers may receive a variety of research services and information on many topics, which it can use in connection with its management responsibilities with respect to the various accounts over which it exercises investment discretion or otherwise provides investment advice. The research services may include qualifying order management systems, portfolio attribution and monitoring services, and computer software and access charges which are directly related to investment research.

Accordingly, the Fund may pay a broker commission higher than the lowest available in recognition of the broker's provision of such services to the Adviser or Sub-Advisers but only if the Adviser or Sub-Advisers, as applicable, determines the total commission (including the soft dollar benefit) is comparable to the best commission rate that could be expected to be received from other brokers. The amount of soft dollar benefits received depends on the amount of brokerage transactions effected with the brokers. A conflict of interest exists because there is an incentive to (1) cause clients to pay a higher commission than the firm might otherwise be able to negotiate, (2) cause clients to engage in more securities transactions than would otherwise be optimal, and (3) only recommend brokers that provide soft dollar benefits.

The Adviser and Sub-Advisers each faces a potential conflict of interest when it uses client trades to obtain brokerage or research services. This conflict exists because the Adviser or Sub-Advisers, as applicable, can use the brokerage or research services to manage client accounts without paying cash for such services, which reduces the Adviser's or Sub-Advisers' expenses to the extent that the Adviser or Sub-Advisers would have purchased such products had they not been provided by brokers. Section 28(e) permits the Adviser and Sub-Adviser to use brokerage or research services for the benefit of any account it manages. Certain accounts managed by the Adviser and Sub-Advisers may generate soft dollars used to purchase brokerage or research services that ultimately benefit the Adviser, the Sub-Advisers, the Affiliates, or other accounts managed by the Adviser or Sub-Advisers effectively cross subsidizing the other accounts managed by the Adviser or Sub-Advisers (or held by the Affiliates) that benefit directly from the product. The Adviser and Sub-Advisers may not necessarily use all of the brokerage or research services in connection with managing the Fund whose trades generated the soft dollars used to purchase such products.

The Sub-Advisers are responsible, subject to oversight by the Board, for placing orders on behalf of the Fund for the purchase or sale of portfolio securities. If purchases or sales of portfolio securities of the Fund and one or more other investment companies or clients supervised by the Sub-Advisers or any other Affiliate are considered at or about the same time, transactions in such securities are allocated among them in a manner deemed equitable and consistent with relevant fiduciary obligations. In some cases, this procedure could have a detrimental effect on the price or volume of the security so far as the Fund is concerned. However, in other cases, it is possible that the ability to participate in volume transactions and to negotiate lower brokerage commissions will be beneficial to the Fund. The primary consideration is prompt execution of orders at the most favorable net price.

The Fund may deal with affiliates in principal transactions to the extent permitted by exemptive order or applicable rule or regulation.

The table below shows aggregate commissions paid with respect to the Fund for the fiscal period/year indicated.

	Brokerage Commissions Paid
Fiscal year ending July 31, 2025	\$0
April 11, 2024 (commencement of operations) to July 31, 2024	\$0

Brokerage with Fund Affiliates. The Fund may execute brokerage or other agency transactions through registered broker-dealer affiliates of the Fund or the Adviser for a commission in conformity with the 1940 Act, the 1934 Act and rules promulgated by the SEC. These rules require that commissions paid to the affiliate by the Fund for exchange transactions not exceed "usual and customary" brokerage commissions. The rules define "usual and customary" commissions to include amounts which are "reasonable and fair compared to the commission, fee or other remuneration received or to be received by other brokers in connection with comparable transactions involving similar securities being purchased or sold on a securities exchange during a comparable period of time." The Trustees, including those who are not "interested persons" of the Fund, have adopted procedures for evaluating the reasonableness of commissions paid to affiliates and review these procedures periodically.

For the fiscal year ended July 31, 2025, the Fund did not pay broker commissions to any registered broker-dealer affiliates of the Fund or the Adviser.

Directed Brokerage

For the fiscal year ended July 31, 2025, the Fund did not pay any commissions on brokerage transactions directed to brokers pursuant to an agreement or understanding whereby the broker provides research or other brokerage services to the Adviser or the Sub-Advisers.

Securities of "Regular Broker-Dealers." The Fund is required to identify any securities of its "regular brokers and dealers" (as such term is defined in the 1940 Act) that it may hold at the close of its most recent fiscal year. "Regular brokers or dealers" of the Fund are the ten brokers or dealers that, during the most recent fiscal year: (1) received the greatest dollar amounts of brokerage commissions from the Fund's portfolio transactions; (2) engaged as principal in the largest dollar amounts of portfolio transactions of the Fund; or (3) sold the largest dollar amounts of Shares.

For the fiscal year ended July 31, 2025, the Fund did not acquire any securities of its "regular brokers and dealers" or their parent companies.

PORTFOLIO TURNOVER RATE

A portfolio turnover rate is, in summary, the percentage computed by dividing the lesser of the Fund's purchases or sales of securities (excluding short-term securities and securities transferred in-kind) by the average market value of the Fund. A rate of 100% indicates that the equivalent of all of the Fund's assets have been sold and reinvested in a year. High portfolio turnover may affect the amount, timing and character of distributions, and, as a result, may increase the amount of taxes payable by shareholders. Higher portfolio turnover also results in higher transaction costs. To the extent that net short-term capital gains are realized by the Fund, any distributions resulting from such gains are considered ordinary income for federal income tax purposes.

The table below shows the portfolio turnover rate with respect to the Fund for the fiscal year/period indicated.

	Portfolio Turnover
Fiscal year ending July 31, 2025	100%
For April 11, 2024 (commencement of operations) to July 31, 2024	83%

BOOK ENTRY ONLY SYSTEM

The Depository Trust Company ("DTC") acts as securities depositary for Shares. Shares are represented by securities registered in the name of DTC or its nominee, Cede & Co., and deposited with, or on behalf of, DTC. Except in limited circumstances set forth below, certificates will not be issued for Shares.

DTC is a limited-purpose trust company that was created to hold securities of its participants (the "DTC Participants") and to facilitate the clearance and settlement of securities transactions among the DTC Participants in such securities through electronic book-entry changes in accounts of the DTC Participants, thereby eliminating the need for physical movement of securities certificates. DTC Participants include securities brokers and dealers, banks, trust companies, clearing corporations and certain other organizations, some of whom (and/or their representatives) own DTC. More specifically, DTC is owned by a number of its DTC Participants and by the New York Stock Exchange ("NYSE") and FINRA. Access to the DTC system is also available to others such as banks, brokers, dealers, and trust companies that clear through or maintain a custodial relationship with a DTC Participant, either directly or indirectly (the "Indirect Participants").

Beneficial ownership of Shares is limited to DTC Participants, Indirect Participants, and persons holding interests through DTC Participants and Indirect Participants. Ownership of beneficial interests in Shares (owners of such beneficial interests are referred to in this SAI as "Beneficial Owners") is shown on, and the transfer of ownership is effected only through, records maintained by DTC (with respect to DTC Participants) and on the records of DTC Participants (with respect to Indirect Participants and Beneficial Owners that are not DTC Participants). Beneficial Owners will receive from or through the DTC Participant a written confirmation relating to their purchase of Shares. The Trust recognizes DTC or its nominee as the record owner of all Shares for all purposes. Beneficial Owners of Shares are not entitled to have Shares registered in their names, and will not receive or be entitled to physical delivery of Share certificates. Each Beneficial Owner must rely on the procedures of DTC and any DTC Participant and/or Indirect Participant through which such Beneficial Owner holds its interests, to exercise any rights of a holder of Shares.

Conveyance of all notices, statements, and other communications to Beneficial Owners is effected as follows. DTC will make available to the Trust upon request and for a fee a listing of Shares held by each DTC Participant. The Trust shall obtain from each such DTC Participant the number of Beneficial Owners holding Shares, directly or indirectly, through such DTC Participant. The Trust shall provide each such DTC Participant with copies of such notice, statement, or other communication, in such form, number, and at such place as such DTC Participant may reasonably request, in order that such notice, statement, or communication may be transmitted by such DTC Participant, directly or indirectly, to such Beneficial Owners. In addition, the Trust shall pay to each such DTC Participant a fair and reasonable amount as reimbursement for the expenses attendant to such transmittal, all subject to applicable statutory and regulatory requirements.

Share distributions shall be made to DTC or its nominee, Cede & Co., as the registered holder of all Shares. DTC or its nominee, upon receipt of any such distributions, shall credit immediately DTC Participants' accounts with payments in amounts proportionate to their respective beneficial interests in the Fund as shown on the records of DTC or its nominee. Payments by DTC Participants to Indirect Participants and Beneficial Owners of Shares held through such DTC Participants will be governed by standing instructions and customary practices, as is now the case with securities held for the accounts of customers in bearer form or registered in a "street name," and will be the responsibility of such DTC Participants.

The Trust has no responsibility or liability for any aspect of the records relating to or notices to Beneficial Owners, or payments made on account of beneficial ownership interest in Shares, or for maintaining, supervising, or reviewing any records relating to such beneficial ownership interests, or for any other aspect of the relationship between DTC and the DTC Participants or the relationship between such DTC Participants and the Indirect Participants and Beneficial Owners owning through such DTC Participants.

DTC may determine to discontinue providing its service with respect to the Fund at any time by giving reasonable notice to the Fund and discharging its responsibilities with respect thereto under applicable law. Under such circumstances, the Fund shall act either to find a replacement for DTC to perform its functions at a comparable cost or, if such replacement is unavailable, to issue and deliver printed certificates representing ownership of Shares, unless the Trust makes other arrangements with respect thereto satisfactory to the Exchange.

PURCHASE AND REDEMPTION OF SHARES IN CREATION UNITS

The Trust issues and redeems Shares only in Creation Units on a continuous basis through the Transfer Agent, without a sales load (but subject to transaction fees, if applicable), at their NAV per share next determined after receipt of an order, on any Business Day, in proper form pursuant to the terms of the Authorized Participant Agreement (“Participant Agreement”). The NAV of Shares is calculated each Business Day as of the scheduled close of regular trading on the NYSE, generally 4:00 p.m., Eastern Time. The Fund will not issue fractional Creation Units. A “Business Day” is any day on which the NYSE is open for regular trading.

Fund Deposit. The consideration for purchase of a Creation Unit of the Fund generally consists of the in-kind deposit of either (i) a designated portfolio of securities (the “Deposit Securities”) per each Creation Unit and the Cash Component (defined below), computed as described below, or (ii) the cash value of the Deposit Securities. Notwithstanding the foregoing, the Trust reserves the right to permit or require the substitution of a “cash in lieu” amount (“Deposit Cash”) to be added to the Cash Component to replace any Deposit Security. When accepting purchases of Creation Units for all or a portion of Deposit Cash, the Fund may incur additional costs associated with the acquisition of Deposit Securities that would otherwise be provided by an in-kind purchaser.

Together, the Deposit Securities or Deposit Cash, as applicable, and the Cash Component constitute the “Fund Deposit,” which represents the minimum initial and subsequent investment amount for a Creation Unit of the Fund. The “Cash Component” is an amount equal to the difference between the NAV of Shares (per Creation Unit) and the value of the Deposit Securities or Deposit Cash, as applicable. If the Cash Component is a positive number (*i.e.*, the NAV per Creation Unit exceeds the value of the Deposit Securities or Deposit Cash, as applicable), the Cash Component shall be such positive amount. If the Cash Component is a negative number (*i.e.*, the NAV per Creation Unit is less than the value of the Deposit Securities or Deposit Cash, as applicable), the Cash Component shall be such negative amount and the creator will be entitled to receive cash in an amount equal to the Cash Component. The Cash Component serves the function of compensating for any differences between the NAV per Creation Unit and the value of the Deposit Securities or Deposit Cash, as applicable. Computation of the Cash Component excludes any stamp duty or other similar fees and expenses payable upon transfer of beneficial ownership of the Deposit Securities, if applicable, which shall be the sole responsibility of the Authorized Participant (as defined below).

The Fund, through NSCC, makes available on each Business Day, prior to the opening of business on the Exchange (currently 9:30 a.m., Eastern Time), the list of the names and the required number of Shares of each Deposit Security or the required amount of Deposit Cash, as applicable, to be included in the current Fund Deposit (based on information at the end of the previous Business Day) for the Fund. Such Fund Deposit is subject to any applicable adjustments as described below, to effect purchases of Creation Units of the Fund until such time as the next-announced composition of the Deposit Securities or the required amount of Deposit Cash, as applicable, is made available.

The identity and number of Shares of the Deposit Securities or the amount of Deposit Cash, as applicable, required for the Fund Deposit for the Fund may change from time to time.

Procedures for Purchase of Creation Units. To be eligible to place orders with the Transfer Agent to purchase a Creation Unit of the Fund, an entity must be (i) a “Participating Party” (*i.e.*, a broker-dealer or other participant in the clearing process through the Continuous Net Settlement System of the NSCC (the “Clearing Process”)), a clearing agency that is registered with the SEC; or (ii) a DTC Participant (see “Book Entry Only System”). In addition, each Participating Party or DTC Participant (each, an “Authorized Participant”) must execute a Participant Agreement with respect to purchases and redemptions of Creation Units. Each Authorized Participant will agree, pursuant to the terms of a Participant Agreement, on behalf of itself or any investor on whose behalf it will act, to certain conditions, including that it will pay to the Trust, an amount of cash sufficient to pay the Cash Component together with the creation transaction fee (described below), if applicable, and any other applicable fees and taxes.

All orders to purchase Shares directly from the Fund must be placed for one or more Creation Units and in the manner and by the time set forth in the Participant Agreement and/or applicable order form. The order cut-off time for orders to purchase Creation Units is expected to be 3:00 p.m. Eastern time, which time may be modified by the Fund from time-to-time by amendment to the Participant Agreement and/or applicable order form. The date on which an order to purchase Creation Units (or an order to redeem Creation Units, as set forth below) is received and accepted is referred to as the “Order Placement Date.”

An Authorized Participant may require an investor to make certain representations or enter into agreements with respect to the order (*e.g.*, to provide for payments of cash, when required). Investors should be aware that their particular broker may not have executed a Participant Agreement and that, therefore, orders to purchase Shares directly from the Fund in Creation Units must be placed by the investor’s broker through an Authorized Participant that has executed a Participant Agreement. In such cases there may be additional charges to such investor. At any given time, there may be only a limited number of broker-dealers that have executed a Participant Agreement and only a small number of such Authorized Participants may have international capabilities.

On days when the Exchange closes earlier than normal, the Fund may require orders to create Creation Units to be placed earlier in the day. In addition, if a market or markets on which the Fund's investments are primarily traded is closed, the Fund will also generally not accept orders on such day(s). Orders must be transmitted by an Authorized Participant by telephone or other transmission method acceptable to the Transfer Agent pursuant to procedures set forth in the Participant Agreement and in accordance with the applicable order form. On behalf of the Fund, the Transfer Agent will notify the Custodian of such order. The Custodian will then provide such information to the appropriate local sub-custodian(s). Those placing orders through an Authorized Participant should allow sufficient time to permit proper submission of the purchase order to the Transfer Agent by the cut-off time on such Business Day. Economic or market disruptions or changes, or telephone or other communication failure may impede the ability to reach the Transfer Agent or an Authorized Participant.

Fund Deposits must be delivered by an Authorized Participant through the Federal Reserve System (for cash) or through DTC (for corporate securities), through a subcustody agent (for foreign securities) and/or through such other arrangements allowed by the Trust or its agents. With respect to foreign Deposit Securities, the Custodian shall cause the subcustodian of a Fund to maintain an account into which the Authorized Participant shall deliver, on behalf of itself or the party on whose behalf it is acting, such Deposit Securities (or Deposit Cash for all or a part of such securities, as permitted or required), with any appropriate adjustments as advised by the Trust. Foreign Deposit Securities must be delivered to an account maintained at the applicable local subcustodian. A Fund Deposit transfer must be ordered by the Authorized Participant in a timely fashion to ensure the delivery of the requisite number of Deposit Securities or Deposit Cash, as applicable, to the account of the Fund or its agents by no later than 3:00 p.m. Eastern Time for the Fund (or such other time as specified by the Trust) on the contractual settlement date. If the Fund or its agents do not receive all of the Deposit Securities, or the required Deposit Cash in lieu thereof, by such time, then the order may be deemed rejected and the Authorized Participant shall be liable to the Fund for losses, if any, resulting therefrom. All questions as to the number of Deposit Securities or Deposit Cash to be delivered, as applicable, and the validity, form and eligibility (including time of receipt) for the deposit of any tendered securities or cash, as applicable, will be determined by the Trust, whose determination shall be final and binding. The amount of cash represented by the Cash Component must be transferred directly to the Custodian through the Federal Reserve Bank wire transfer system in a timely manner to be received by the Custodian no later than the contractual settlement date. If the Cash Component and the Deposit Securities or Deposit Cash, as applicable, are not received by the Custodian in a timely manner by the contractual settlement date, the creation order may be cancelled. Upon written notice to the Transfer Agent, such canceled order may be resubmitted the following Business Day using a Fund Deposit as newly constituted to reflect the then current NAV of such Fund.

The order shall be deemed to be received on the Business Day on which the order is placed provided that the order is placed in proper form prior to the applicable cut-off time and the federal funds in the appropriate amount are deposited by 3:00 p.m. Eastern Time for the Fund, with the Custodian on the contractual settlement date. If the order is not placed in proper form as required, or federal funds in the appropriate amount are not received by 3:00 p.m. Eastern Time for the Fund on the contractual settlement date, then the order may be deemed to be rejected and the Authorized Participant shall be liable to the Fund for losses, if any, resulting therefrom. A creation request is in "proper form" if all procedures set forth in the Participant Agreement, order form and this SAI are properly followed.

Issuance of a Creation Unit. Except as provided in this SAI, Creation Units will not be issued until the transfer of good title to the Trust of the Deposit Securities or payment of Deposit Cash, as applicable, and the payment of the Cash Component have been completed. When the required Deposit Securities (or the cash value thereof) have been delivered to the account of the Custodian (or sub-custodian, as applicable), the Transfer Agent, the Adviser, and the Sub-Advisers shall be notified of such delivery, and the Trust will issue and cause the delivery of the Creation Units. The typical settlement date for each transaction will be within one day of the transaction (commonly referred to as "T+1"), unless the Fund and Authorized Participant agree to a different timeline for settlement or the transaction is exempt from the requirements of Rule 15c6-1 under the 1934 Act. Due to the schedule of holidays in certain countries, however, the delivery of Shares may take longer than one Business Day following the day on which the purchase order is received. In such cases, the local market settlement procedures will not commence until the end of local holiday periods. The Authorized Participant shall be liable to the Fund for losses, if any, resulting from unsettled orders.

Creation Units may be purchased in advance of receipt by the Trust of all or a portion of the applicable Deposit Securities as described below. In these circumstances, the initial deposit will have a value greater than the NAV of the Shares on the date the order is placed in proper form since, in addition to available Deposit Securities, cash must be deposited in an amount equal to the sum of (i) the Cash Component, plus (ii) an additional amount of cash equal to a percentage of the value as set forth in the Participant Agreement, of the undelivered Deposit Securities (the “Additional Cash Deposit”), which shall be maintained in a separate non-interest bearing collateral account. The Authorized Participant must deposit with the Custodian the Additional Cash Deposit, as applicable, by 3:00 p.m. Eastern Time for the Fund (or such other time as specified by the Trust) on the contractual settlement date. If the Fund or its agents do not receive the Additional Cash Deposit in the appropriate amount, by such time, then the order may be deemed rejected and the Authorized Participant shall be liable to the Fund for losses, if any, resulting therefrom. An additional amount of cash shall be required to be deposited with the Trust, pending delivery of the missing Deposit Securities to the extent necessary to maintain the Additional Cash Deposit with the Trust in an amount at least equal to the applicable percentage, as set forth in the Participant Agreement, of the daily market value of the missing Deposit Securities. The Participant Agreement will permit the Trust to buy the missing Deposit Securities at any time. Authorized Participants will be liable to the Trust for the costs incurred by the Trust in connection with any such purchases. These costs will be deemed to include the amount by which the actual purchase price of the Deposit Securities exceeds the value of such Deposit Securities on the day the purchase order was deemed received by the Transfer Agent plus the brokerage and related transaction costs associated with such purchases. The Trust will return any unused portion of the Additional Cash Deposit once all of the missing Deposit Securities have been properly received by the Custodian or purchased by the Trust and deposited into the Trust. In addition, a transaction fee, as described below under “Creation Transaction Fee,” may be charged. The delivery of Creation Units so created generally will occur no later than the contractual settlement date.

Acceptance of Orders of Creation Units. The Trust reserves the right to reject an order for Creation Units transmitted to it by the Transfer Agent with respect to the Fund including if (1) the order is not in proper form; (2) the Deposit Securities or Deposit Cash, as applicable, delivered by the Authorized Participant are not as disseminated through the facilities of the NSCC for that date by the Custodian; (3) the investor(s), upon obtaining Shares ordered, would own 80% or more of the currently outstanding Shares; (4) the acceptance of the Fund Deposit would, in the opinion of counsel, be unlawful; (5) the acceptance or receipt of the order for a Creation Unit would, in the opinion of counsel to the Trust, be unlawful; or (6) in the event that circumstances outside the control of the Trust, the Custodian, the Transfer Agent and/or the Adviser make it for all practical purposes not feasible to process orders for Creation Units.

Examples of such circumstances include acts of God; public service or utility problems such as fires, floods, extreme weather conditions, and power outages resulting in telephone, telecopy, and computer failures; market conditions or activities causing trading halts; systems failures involving computer or other information systems affecting the Trust, the Distributor, the Custodian, a sub-custodian, the Transfer Agent, DTC, NSCC, Federal Reserve System, or any other participant in the creation process; and other extraordinary events. The Transfer Agent shall notify a prospective creator of a Creation Unit and/or the Authorized Participant acting on behalf of the creator of a Creation Unit of its rejection of the order of such person. The Trust, the Transfer Agent, the Custodian, any sub-custodian and the Distributor are under no duty, however, to give notification of any defects or irregularities in the delivery of Fund Deposits nor shall either of them incur any liability for the failure to give any such notification. The Trust, the Transfer Agent, the Custodian and the Distributor shall not be liable for the rejection of any purchase order for Creation Units.

All questions as to the number of Shares of each security in the Deposit Securities and the validity, form, eligibility, and acceptance for deposit of any securities to be delivered shall be determined by the Trust, and the Trust’s determination shall be final and binding.

Notwithstanding the Trust’s ability to reject an order for creation units, the Trust will only do so in a manner consistent with any current or future SEC rulemaking or guidance relating thereto; provided that, no such suspension of the issuance of creation units will be done in a manner that impairs the arbitrage mechanism for investors.

Creation Transaction Fee. A fixed purchase (i.e., creation) transaction fee, payable to the Custodian, may be imposed for the transfer and other transaction costs associated with the purchase of Creation Units (“Creation Order Costs”). The standard fixed creation transaction fee for the Fund, regardless of the number of Creation Units created in the transaction, can be found in the table below. The Fund may adjust the standard fixed creation transaction fee from time to time. The fixed creation fee may be waived on certain orders if the Custodian has determined to waive some or all of the Creation Order Costs associated with the order or another party, such as the Adviser, has agreed to pay such fee.

In addition, a variable fee, payable to the Fund, of up to the maximum percentage listed in the table below of the value of the Creation Units subject to the transaction may be imposed for cash purchases, non-standard orders, or partial cash purchases of Creation Units. The variable charge is primarily designed to cover additional costs (e.g., brokerage, taxes) involved with buying the securities with cash. The Fund may determine to not charge a variable fee on certain orders when the Adviser has determined that doing so is in the best interests of Fund shareholders.

Name of Fund	Fixed Creation Transaction Fee	Maximum Variable Transaction Fee
Carbon Collective Short Duration Green Bond ETF	\$300	2%

Investors who use the services of a broker or other such intermediary may be charged a fee for such services. Investors are responsible for the fixed costs of transferring the Fund Securities (defined below) from the Trust to their account or on their order.

Risks of Purchasing Creation Units. There are certain legal risks unique to investors purchasing Creation Units directly from the Fund. Because Shares may be issued on an ongoing basis, a “distribution” of Shares could be occurring at any time. Certain activities that a shareholder performs as a dealer could, depending on the circumstances, result in the shareholder being deemed a participant in the distribution in a manner that could render the shareholder a statutory underwriter and subject to the prospectus delivery and liability provisions of the Securities Act. For example, a shareholder could be deemed a statutory underwriter if it purchases Creation Units from the Fund, breaks them down into the constituent Shares, and sells those Shares directly to customers, or if a shareholder chooses to couple the creation of a supply of new Shares with an active selling effort involving solicitation of secondary-market demand for Shares. Whether a person is an underwriter depends upon all of the facts and circumstances pertaining to that person’s activities, and the examples mentioned here should not be considered a complete description of all the activities that could cause you to be deemed an underwriter.

Dealers who are not “underwriters” but are participating in a distribution (as opposed to engaging in ordinary secondary-market transactions), and thus dealing with Shares as part of an “unsold allotment” within the meaning of Section 4(a)(3)(C) of the Securities Act, will be unable to take advantage of the prospectus delivery exemption provided by Section 4(a)(3) of the Securities Act.

Redemption. Shares may be redeemed only in Creation Units at their NAV next determined after receipt of a redemption request in proper form by the Fund through the Transfer Agent and only on a Business Day. EXCEPT UPON LIQUIDATION OF THE FUND, THE FUND WILL NOT REDEEM SHARES IN AMOUNTS LESS THAN CREATION UNITS. Investors must accumulate enough Shares in the secondary market to constitute a Creation Unit to have such Shares redeemed by the Trust. There can be no assurance, however, that there will be sufficient liquidity in the public trading market at any time to permit assembly of a Creation Unit. Investors should expect to incur brokerage and other costs in connection with assembling a sufficient number of Shares to constitute a redeemable Creation Unit.

With respect to the Fund, the Custodian, through the NSCC, makes available prior to the opening of business on the Exchange (currently 9:30 a.m., Eastern Time) on each Business Day, the list of the names and Share quantities of the Fund’s portfolio securities that will be applicable (subject to possible amendment or correction) to redemption requests received in proper form (as defined below) on that day (“Fund Securities”). Fund Securities received on redemption may not be identical to Deposit Securities.

Redemption proceeds for a Creation Unit are paid either in-kind or in cash, or combination thereof, as determined by the Trust. With respect to in-kind redemptions of the Fund, redemption proceeds for a Creation Unit will consist of Fund Securities—as announced by the Custodian on the Business Day of the request for redemption received in proper form plus cash in an amount equal to the difference between the NAV of Shares being redeemed, as next determined after a receipt of a request in proper form, and the value of the Fund Securities (the “Cash Redemption Amount”), less a fixed redemption transaction fee, as applicable, as set forth below. If the Fund Securities have a value greater than the NAV of Shares, a compensating cash payment equal to the differential is required to be made by or through an Authorized Participant by the redeeming shareholder. Notwithstanding the foregoing, at the Trust’s discretion, an Authorized Participant may receive the corresponding cash value of the securities in lieu of the in-kind securities value representing one or more Fund Securities.

The typical settlement date for each redemption transaction will be within one day of the transaction (or T+1), unless the Fund and Authorized Participant agree to a different timeline for settlement or the transaction is exempt from the requirements of Rule 15c6-1 under the 1934 Act. Due to the schedule of holidays in certain countries, however, the receipt of redemption proceeds may take longer than one Business Day following the day on which the purchase order is received. In such cases, the local market settlement procedures will not commence until the end of local holiday periods.

Redemption Transaction Fee. A fixed redemption transaction fee, payable to the Custodian, may be imposed for the transfer and other transaction costs associated with the redemption of Creation Units (“Redemption Order Costs”). The standard fixed redemption transaction fee for the Fund, regardless of the number of Creation Units redeemed in the transaction, can be found in the table below. The Fund may adjust the redemption transaction fee from time to time. The fixed redemption fee may be waived on certain orders if the Custodian has determined to waive some or all of the Redemption Order Costs associated with the order or another party, such as the Adviser, has agreed to pay such fee.

In addition, a variable fee, payable to the Fund, of up to the maximum percentage listed in the table below of the value of the Creation Units subject to the transaction may be imposed for cash redemptions, non-standard orders, or partial cash redemptions (when cash redemptions are available) of Creation Units. The variable charge is primarily designed to cover additional costs (e.g., brokerage, taxes) involved with selling portfolio securities to satisfy a cash redemption. The Fund may determine to not charge a variable fee on certain orders when the Adviser has determined that doing so is in the best interests of Fund shareholders.

Name of Fund	Fixed Redemption Transaction Fee	Maximum Variable Transaction Fee
Carbon Collective Short Duration Green Bond ETF	\$300	2%

Investors who use the services of a broker or other such intermediary may be charged a fee for such services. Investors are responsible for the fixed costs of transferring the Fund Securities from the Trust to their account or on their order.

Procedures for Redemption of Creation Units. Orders to redeem Creation Units must be submitted in proper form to the Transfer Agent prior to 3:00 p.m. Eastern time. A redemption request is considered to be in “proper form” if (i) an Authorized Participant has transferred or caused to be transferred to the Trust’s Transfer Agent the Creation Unit(s) being redeemed through the book-entry system of DTC so as to be effective by the time as set forth in the Participant Agreement and (ii) a request in form satisfactory to the Trust is received by the Transfer Agent from the Authorized Participant on behalf of itself or another redeeming investor within the time periods specified in the Participant Agreement. If the Transfer Agent does not receive the investor’s Shares through DTC’s facilities by the times and pursuant to the other terms and conditions set forth in the Participant Agreement, the redemption request shall be rejected.

The Authorized Participant must transmit the request for redemption, in the form required by the Trust, to the Transfer Agent in accordance with procedures set forth in the Authorized Participant Agreement. Investors should be aware that their particular broker may not have executed an Authorized Participant Agreement, and that, therefore, requests to redeem Creation Units may have to be placed by the investor’s broker through an Authorized Participant who has executed an Authorized Participant Agreement. Investors making a redemption request should be aware that such request must be in the form specified by such Authorized Participant. Investors making a request to redeem Creation Units should allow sufficient time to permit proper submission of the request by an Authorized Participant and transfer of the Shares to the Trust’s Transfer Agent; such investors should allow for the additional time that may be required to effect redemptions through their banks, brokers or other financial intermediaries if such intermediaries are not Authorized Participants.

Additional Redemption Procedures. In connection with taking delivery of Shares of Fund Securities upon redemption of Creation Units, a redeeming shareholder or Authorized Participant acting on behalf of such Shareholder must maintain appropriate custody arrangements with a qualified broker-dealer, bank, or other custody providers in each jurisdiction in which any of the Fund Securities are customarily traded, to which account such Fund Securities will be delivered. Deliveries of redemption proceeds will generally be made by the next Business Day of the trade date, as discussed above.

The Trust may in its discretion exercise its option to cause the Fund to redeem such Shares in cash, and the redeeming investor will be required to receive its redemption proceeds in cash. In addition, an investor may request a redemption in cash that the Fund may, in its sole discretion, permit. In either case, the investor will receive a cash payment equal to the NAV of its Shares of such Fund based on the NAV of Shares next determined after the redemption request is received in proper form (minus a redemption transaction fee, if applicable, and additional charge for requested cash redemptions specified above, to offset the Trust’s brokerage and other transaction costs associated with the disposition of Fund Securities). The Fund may also, in its sole discretion, upon request of a shareholder, provide such redeemer a portfolio of securities that differs from the exact composition of the Fund Securities but does not differ in NAV.

Redemptions of Shares for Fund Securities will be subject to compliance with applicable federal and state securities laws and the Fund (whether or not it otherwise permits cash redemptions) reserves the right to redeem Creation Units for cash to the extent that the Trust could not lawfully deliver specific Fund Securities upon redemptions or could not do so without first registering the Fund Securities under such laws. An Authorized Participant or an investor for which it is acting subject to a legal restriction with respect to a particular security included in the Fund Securities applicable to the redemption of Creation Units may be paid an equivalent amount of cash. The Authorized Participant may request the redeeming investor of the Shares to complete an order form or to enter into agreements with respect to such matters as compensating cash payment. Further, an Authorized Participant that is not a “qualified institutional buyer,” (“QIB”) as such term is defined under Rule 144A of the Securities Act, will not be able to receive Fund Securities that are restricted securities eligible for resale under Rule 144A. An Authorized Participant may be required by the Trust to provide a written confirmation with respect to QIB status to receive Fund Securities.

The right of redemption may be suspended or the date of payment postponed with respect to the Fund (1) for any period during which the Exchange is closed (other than customary weekend and holiday closings); (2) for any period during which trading on the Exchange is suspended or restricted; (3) for any period during which an emergency exists as a result of which disposal of the Shares or determination of the NAV of the Shares is not reasonably practicable; or (4) in such other circumstance as is permitted by the SEC.

DETERMINATION OF NET ASSET VALUE

NAV per Share for the Fund is computed by dividing the value of the net assets of the Fund (*i.e.*, the value of its total assets less total liabilities) by the total number of Shares outstanding, rounded to the nearest cent. Expenses and fees, including the management fees, are accrued daily and taken into account for purposes of determining NAV. The NAV of the Fund is calculated by Global Fund Services and determined at the scheduled close of the regular trading session on the NYSE (ordinarily 4:00 p.m., Eastern Time) on each day that the NYSE is open, provided that fixed-income assets may be valued as of the announced closing time for trading in fixed-income instruments on any day that the Securities Industry and Financial Markets Association (“SIFMA”) announces an early closing time.

In calculating the Fund's NAV per Share, the Fund's investments are generally valued using pricing services. The Fund may use various pricing services, or discontinue the use of any pricing service, as approved by the Adviser from time to time. A price obtained from a pricing service based on such pricing service's valuation matrix may be considered a market valuation. Any assets or liabilities denominated in currencies other than the U.S. dollar are converted into U.S. dollars at the current market rates on the date of valuation as quoted by one or more sources. For assets traded on an exchange, the Fund may value investments using market valuations. A market valuation generally means a valuation (1) obtained from an exchange, a pricing service, or a major market maker (or dealer), (2) based on a price quotation or other equivalent indication of value supplied by an exchange, a pricing service, or a major market maker (or dealer) or (3) based on amortized cost. In the case of shares of other funds that are not traded on an exchange, a market valuation means such fund's published NAV per share.

When market prices are not "readily available" or are deemed to be unreliable, consistent with Rule 2a-5 under the 1940 Act, the Trust and the Adviser have adopted procedures and methodologies wherein the Adviser, serving as the Fund's Valuation Designee (as defined in Rule 2a-5), determines the fair value of Fund investments.

DIVIDENDS AND DISTRIBUTIONS

The following information supplements and should be read in conjunction with the section in the Prospectus entitled "Dividends, Distributions, and Taxes."

General Policies. The Fund intends to pay out dividends and interest income, if any, monthly and distribute any net realized capital gains to its shareholders at least annually. Distributions of net realized capital gains, if any, generally are declared and paid once a year, but the Fund may make distributions on a more frequent basis to comply with the distribution requirements of the Code, in all events in a manner consistent with the provisions of the 1940 Act.

The Fund will declare and pay income and capital gain distributions, if any, in cash. Dividends and other distributions on Shares are distributed, as described below, on a pro rata basis to Beneficial Owners of such Shares. Dividend payments are made through DTC Participants and Indirect Participants to Beneficial Owners then of record with proceeds received from the Trust.

The Fund makes additional distributions to the extent necessary (1) to distribute the entire annual taxable income of the Fund, plus any net capital gains and (2) to avoid imposition of the excise tax imposed by Section 4982 of the Code. Management of the Trust reserves the right to declare special dividends if, in its reasonable discretion, such action is necessary or advisable to preserve the Fund's eligibility for treatment as a RIC or to avoid imposition of income or excise taxes on undistributed income at the Fund level.

Dividend Reinvestment Service. The Trust will not make the DTC book-entry dividend reinvestment service available for use by Beneficial Owners for reinvestment of their cash proceeds, but certain individual broker-dealers may make available the DTC book-entry Dividend Reinvestment Service for use by Beneficial Owners of the Fund through DTC Participants for reinvestment of their dividend distributions. Investors should contact their brokers to ascertain the availability and description of these services. Beneficial Owners should be aware that each broker may require investors to adhere to specific procedures and timetables to participate in the dividend reinvestment service and investors should ascertain from their brokers such necessary details. If this service is available and used, dividend distributions of both income and realized gains will be automatically reinvested in additional whole Shares issued by the Trust of the Fund at NAV per Share. Distributions reinvested in additional Shares will nevertheless be taxable to Beneficial Owners acquiring such additional Shares to the same extent as if such distributions had been received in cash.

FEDERAL INCOME TAXES

The following is only a summary of certain U.S. federal income tax considerations generally affecting the Fund and its shareholders that supplements the discussion in the Prospectus. No attempt is made to present a comprehensive explanation of the federal, state, local or foreign tax treatment of the Fund or its shareholders, and the discussion here and in the Prospectus is not intended to be a substitute for careful tax planning.

The following general discussion of certain U.S. federal income tax consequences is based on provisions of the Code and the regulations issued thereunder as in effect on the date of this SAI. New legislation, as well as administrative changes or court decisions, may significantly change the conclusions expressed herein, and may have a retroactive effect with respect to the transactions contemplated herein.

The tax legislation commonly referred to as the Tax Cuts and Jobs Act (the "Tax Act") made significant changes to the U.S. federal income tax rules for taxation of individuals and corporations, generally effective for taxable years beginning after December 31, 2017. Many of the changes applicable to individuals are temporary and would apply only to taxable years before January 1, 2026. There were only minor changes with respect to the specific rules applicable to RICs, such as the Fund. The Tax Act, however, also made numerous other changes to the tax rules that may affect shareholders and the Fund. Subsequent legislation has modified certain changes to the U.S. federal income tax rules made by the Tax Act which may, in addition, affect shareholders and the Fund. You are urged to consult with your own tax advisor regarding how this legislation affects your investment in the Fund.

Shareholders are urged to consult their own tax advisers regarding the application of the provisions of tax law described in this SAI in light of the particular tax situations of the shareholders and regarding specific questions as to federal, state, local, or foreign taxes.

Taxation of the Fund. The Fund will elect and intends to qualify each year to be treated as a RIC under the Code. As such, the Fund should not be subject to federal income taxes on its net investment income and capital gains, if any, to the extent that it timely distributes such income and capital gains to its shareholders. Generally, to be taxed as a RIC, the Fund must distribute in each taxable year at least 90% of its “investment company taxable income” (before the deduction for dividends paid) for the taxable year, which includes, among other items, dividends, interest, net short-term capital gain, and net foreign currency gain, less expenses, as well as 90% of its net tax-exempt interest income, if any (the “Distribution Requirement”) and also must meet several additional requirements. Among these requirements are the following: (1) at least 90% of the Fund’s gross income each taxable year must be derived from dividends, interest, payments with respect to certain securities loans, gains from the sale or other disposition of stock, securities, or foreign currencies, or other income derived with respect to its business of investing in such stock, securities, or foreign currencies, and net income derived from interests in qualified publicly traded partnerships (the “Qualifying Income Requirement”); and (2) at the end of each quarter of the Fund’s taxable year, the Fund’s assets must be diversified so that (a) at least 50% of the value of the Fund’s total assets is represented by cash and cash items, U.S. government securities, securities of other RICs, and other securities, with such other securities limited, in respect to any one issuer, to an amount not greater in value than 5% of the value of the Fund’s total assets and to not more than 10% of the outstanding voting securities of such issuer, and (b) not more than 25% of the value of its total assets is invested in the securities (other than U.S. government securities or securities of other RICs) of any one issuer, the securities (other than securities of other RICs) of two or more issuers which the Fund controls and which are engaged in the same, similar, or related trades or businesses, or the securities of one or more qualified publicly traded partnerships (the “Diversification Requirement”).

To the extent the Fund makes investments that may generate income that is not qualifying income, including certain derivatives, the Fund will seek to restrict the resulting income from such investments so that the Fund’s non-qualifying income does not exceed 10% of its gross income.

Although the Fund intends to distribute substantially all of its net investment income and may distribute its capital gains for any taxable year, the Fund will be subject to federal income taxation to the extent any such income or gains are not distributed. The Fund is treated as a separate corporation for federal income tax purposes. The Fund therefore is considered to be a separate entity in determining its treatment under the rules for RICs described herein. The requirements (other than certain organizational requirements) for qualifying RIC status are determined at the Fund level rather than at the Trust level.

If the Fund fails to satisfy the Qualifying Income Requirement or the Diversification Requirement in any taxable year, the Fund may be eligible for relief provisions if the failures are due to reasonable cause and not willful neglect and if a penalty tax is paid with respect to each failure to satisfy the applicable requirements. Additionally, relief is provided for certain *de minimis* failures of the Diversification Requirement where the Fund corrects the failure within a specified period of time. To be eligible for the relief provisions with respect to a failure to meet the Diversification Requirement, the Fund may be required to dispose of certain assets. If these relief provisions were not available to the Fund and it were to fail to qualify for treatment as a RIC for a taxable year, all of its taxable income would be subject to tax at regular corporate rates without any deduction for distributions to shareholders, and its distributions (including capital gains distributions) generally would be taxable to the shareholders of the Fund as ordinary income dividends, subject to the dividends received deduction for corporate shareholders and the lower tax rates on qualified dividend income received by noncorporate shareholders, subject to certain limitations. To requalify for treatment as a RIC in a subsequent taxable year, the Fund would be required to satisfy the RIC qualification requirements for that year and to distribute any earnings and profits from any year in which the Fund failed to qualify for tax treatment as a RIC. If the Fund failed to qualify as a RIC for a period greater than two taxable years, it would generally be required to pay a fund-level tax on certain net built in gains recognized with respect to certain of its assets upon disposition of such assets within five years of qualifying as a RIC in a subsequent year. The Board reserves the right not to maintain the qualification of the Fund for treatment as a RIC if it determines such course of action to be beneficial to shareholders. If the Fund determines that it will not qualify as a RIC, the Fund will establish procedures to reflect the anticipated tax liability in the Fund’s NAV.

The Fund may elect to treat part or all of any “qualified late year loss” as if it had been incurred in the succeeding taxable year in determining the Fund’s taxable income, net capital gain, net short-term capital gain, and earnings and profits. The effect of this election is to treat any such “qualified late year loss” as if it had been incurred in the succeeding taxable year in characterizing Fund distributions for any calendar year. A “qualified late year loss” generally includes net capital loss, net long-term capital loss, or net short-term capital loss incurred after October 31 of the current taxable year, subject to special rules in the event the Fund makes an election under Section 4982(e)(4) of the Code, (commonly referred to as “post-October losses”), and certain other late-year losses.

Capital losses in excess of capital gains (“net capital losses”) are not permitted to be deducted against a RIC’s net investment income. Instead, for U.S. federal income tax purposes, potentially subject to certain limitations, the Fund may carry a net capital loss from any taxable year forward indefinitely to offset its capital gains, if any, in years following the year of the loss. To the extent subsequent capital gains are offset by such losses, they will not result in U.S. federal income tax liability to the Fund and may not be distributed as capital gains to its shareholders. Generally, the Fund may not carry forward any losses other than net capital losses. The carryover of capital losses may be limited under the general loss limitation rules if the Fund experiences an ownership change as defined in the Code.

As of the most recent fiscal period ended July 31, 2025, the Carbon Collective Short Duration Green Bond ETF had no short-term capital loss carryovers and no long-term capital loss carryovers .

The Fund will be subject to a nondeductible 4% federal excise tax on certain undistributed income if it does not distribute to its shareholders in each calendar year an amount at least equal to 98% of its ordinary income for the calendar year plus 98.2% of its capital gain net income for either the one-year period ending on October 31 of that year, or, if the Fund makes an election under Section 4982(e)(4) of the Code, the Fund's fiscal year, subject to an increase for any shortfall in the prior year's distribution. The Fund intends to declare and distribute dividends and distributions in the amounts and at the times necessary to avoid the application of the excise tax, but can make no assurances that all such tax liability will be eliminated.

The Fund intends to distribute substantially all of its net investment income and net capital gain to shareholders for each taxable year. If the Fund meets the Distribution Requirement but retains some or all of its income or gains, it will be subject to federal income tax at regular corporate rates to the extent any such income or gains are not distributed. The Fund may elect to designate certain amounts retained as undistributed net capital gain as deemed distributions in a notice to its shareholders, who (i) will be required to include in income for U.S. federal income tax purposes, as long-term capital gain, their proportionate shares of the undistributed amount so designated, (ii) will be entitled to credit their proportionate shares of the income tax paid by the Fund on that undistributed amount against their federal income tax liabilities and to claim refunds to the extent such credits exceed their tax liabilities, and (iii) will be entitled to increase their tax basis, for federal income tax purposes, in their Shares by an amount equal to the excess of the amount of undistributed net capital gain included in their respective income over their respective income tax credits.

Taxation of Shareholders – Distributions. The Fund intends to distribute annually to its shareholders substantially all of its investment company taxable income (computed without regard to the deduction for dividends paid), its net tax-exempt income, if any, and any net capital gain (net long-term capital gains in excess of net short-term capital losses, taking into account any capital loss carryforwards). The distribution of investment company taxable income (as so computed) and net capital gain will be taxable to Fund shareholders regardless of whether the shareholder receives these distributions in cash or reinvests them in additional Shares.

The Fund (or your broker) will report to shareholders annually the amounts of dividends paid from ordinary income, the amount of distributions of net capital gain, the portion of dividends which may qualify for the dividends received deduction for corporate shareholders, and the portion of dividends which may qualify for treatment as qualified dividend income, which is taxable to non-corporate shareholders at long-term capital gain rates.

Distributions from the Fund's net capital gain will be taxable to shareholders at long-term capital gains rates, regardless of how long shareholders have held their Shares. Distributions may be subject to state and local taxes.

Fund dividends will not be treated as qualified dividend income if the Fund does not meet certain holding period and other requirements with respect to dividend paying stocks in its portfolio, or the shareholder does not meet certain holding period and other requirements with respect to the Shares on which the dividends were paid. Distributions by the Fund of its net short-term capital gains will be taxable to shareholders as ordinary income. Given the investment strategies of the Funds, it is unlikely that any dividends paid by the Funds will be qualified dividends or be eligible for the corporate dividends paid deduction.

In the case of corporate shareholders, certain dividends received by the Fund from U.S. corporations (generally, dividends received by the Fund in respect of any share of stock (1) with a tax holding period of at least 46 days during the 91-day period beginning on the date that is 45 days before the date on which the stock becomes ex-dividend as to that dividend and (2) that is held in an unleveraged position) and distributed and appropriately so reported by the Fund may be eligible for the 50% dividends-received deduction. Certain preferred stock must have a holding period of at least 91 days during the 181-day period beginning on the date that is 90 days before the date on which the stock becomes ex-dividend as to that dividend to be eligible. Capital gain dividends distributed to the Fund from other RICs are not eligible for the dividends-received deduction. To qualify for the deduction, corporate shareholders must meet the minimum holding period requirement stated above with respect to their Shares, taking into account any holding period reductions from certain hedging or other transactions or positions that diminish their risk of loss with respect to their Shares, and, if they borrow to acquire or otherwise incur debt attributable to Shares, they may be denied a portion of the dividends-received deduction with respect to those Shares.

Although dividends generally will be treated as distributed when paid, any dividend declared by the Fund in October, November or December and payable to shareholders of record in such a month that is paid during the following January will be treated for U.S. federal income tax purposes as received by shareholders on December 31 of the calendar year in which it was declared.

In addition to the federal income tax, certain individuals, trusts and estates may be subject to a Net Investment Income ("NII") tax of 3.8%. The NII tax is imposed on the lesser of: (i) a taxpayer's investment income, net of deductions properly allocable to such income; or (ii) the amount by which such taxpayer's modified adjusted gross income exceeds certain thresholds (\$250,000 for married individuals filing jointly, \$200,000 for unmarried individuals and \$125,000 for married individuals filing separately). The Fund's distributions are includable in a shareholder's investment income for purposes of this NII tax. In addition, any capital gain realized by a shareholder upon a sale or redemption of Fund shares is includable in such shareholder's investment income for purposes of this NII tax.

Shareholders who have not held Shares for a full year should be aware that the Fund may report and distribute, as ordinary dividends or capital gain dividends, a percentage of income that is not equal to the percentage of the Fund's ordinary income or net capital gain, respectively, actually earned during the applicable shareholder's period of investment in the Fund. A taxable shareholder may wish to avoid investing in the Fund shortly before a dividend or other distribution, because the distribution will generally be taxable to the shareholder even though it may economically represent a return of a portion of the shareholder's investment.

To the extent that the Fund makes a distribution of income received by the Fund in lieu of dividends (a "substitute payment") with respect to securities on loan pursuant to a securities lending transaction, such income will not constitute qualified dividend income to individual shareholders and will not be eligible for the dividends received deduction for corporate shareholders.

If the Fund's distributions exceed its earnings and profits, all or a portion of the distributions made for a taxable year may be recharacterized as a return of capital to shareholders. A return of capital distribution will generally not be taxable, but will reduce each shareholder's cost basis in the Fund and result in a higher capital gain or lower capital loss when the Shares on which the distribution was received are sold. After a shareholder's basis in the Shares has been reduced to zero, distributions in excess of earnings and profits will be treated as gain from the sale of the shareholder's Shares.

Taxation of Shareholders – Sale of Shares. A sale or redemption of Shares may give rise to a gain or loss. In general, any gain or loss realized upon a taxable disposition of Shares will be treated as long-term capital gain or loss if Shares have been held for more than 12 months. Otherwise, the gain or loss on the taxable disposition of Shares will generally be treated as short-term capital gain or loss. Any loss realized upon a taxable disposition of Shares held for six months or less will be treated as long-term capital loss, rather than short-term capital loss, to the extent of any amounts treated as distributions to the shareholder of long-term capital gain with respect to such Shares (including any amounts credited to the shareholder as undistributed capital gains). All or a portion of any loss realized upon a taxable disposition of Shares may be disallowed if substantially identical Shares are acquired (through the reinvestment of dividends or otherwise) within a 61-day period beginning 30 days before and ending 30 days after the disposition. In such a case, the basis of the newly acquired Shares will be adjusted to reflect the disallowed loss.

The cost basis of Shares acquired by purchase will generally be based on the amount paid for Shares and then may be subsequently adjusted for other applicable transactions as required by the Code. The difference between the selling price and the cost basis of Shares generally determines the amount of the capital gain or loss realized on the sale of Shares. Contact the broker through whom you purchased your Shares to obtain information with respect to the available cost basis reporting methods and elections for your account.

An Authorized Participant who exchanges securities for Creation Units generally will recognize a gain or a loss. The gain or loss will be equal to the difference between the market value of the Creation Units at the time and the sum of the exchanger's aggregate basis in the securities surrendered plus the amount of cash paid for such Creation Units. A person who redeems Creation Units will generally recognize a gain or loss equal to the difference between the exchanger's basis in the Creation Units and the sum of the aggregate market value of any securities received plus the amount of any cash received for such Creation Units. The Internal Revenue Service ("IRS"), however, may assert that a loss realized upon an exchange of securities for Creation Units cannot currently be deducted under the rules governing "wash sales" (for an exchanger who does not mark-to-market its portfolio) or on the basis that there has been no significant change in economic position.

Any capital gain or loss realized upon the creation of Creation Units will generally be treated as long-term capital gain or loss if the securities exchanged for such Creation Units have been held for more than one year. Any capital gain or loss realized upon the redemption of Creation Units will generally be treated as long-term capital gain or loss if the Shares composing the Creation Units have been held for more than one year. Otherwise, such capital gains or losses will generally be treated as short-term capital gains or losses. Any loss upon a redemption of Creation Units held for six months or less may be treated as long-term capital loss to the extent of any amounts treated as distributions to the applicable Authorized Participant of long-term capital gain with respect to the Creation Units (including any amounts credited to the Authorized Participant as undistributed capital gains).

The Trust, on behalf of the Fund, has the right to reject an order for Creation Units if the purchaser (or a group of purchasers) would, upon obtaining the Creation Units so ordered, own 80% or more of the outstanding Shares and if, pursuant to Section 351 of the Code, the Fund would have a basis in the deposit securities different from the market value of such securities on the date of deposit. The Trust also has the right to require the provision of information necessary to determine beneficial Share ownership for purposes of the 80% determination. If the Fund does issue Creation Units to a purchaser (or a group of purchasers) that would, upon obtaining the Creation Units so ordered, own 80% or more of the outstanding Shares, the purchaser (or a group of purchasers) will not recognize gain or loss upon the exchange of securities for Creation Units.

Persons purchasing or redeeming Creation Units should consult their own tax advisers with respect to the tax treatment of any creation or redemption transaction and whether the wash sales rule applies and when a loss may be deductible.

Taxation of Fund Investments. Certain of the Fund’s investments may be subject to complex provisions of the Code (including provisions relating to hedging transactions, straddles, integrated transactions, foreign currency contracts, forward foreign currency contracts, and notional principal contracts) that, among other things, may affect the Fund’s ability to qualify as a RIC, affect the character of gains and losses realized by the Fund (e.g., may affect whether gains or losses are ordinary or capital), accelerate recognition of income to the Fund and defer losses. These rules could therefore affect the character, amount and timing of distributions to shareholders. These provisions also may require the Fund to mark to market certain types of positions in its portfolio (*i.e.*, treat them as if they were closed out) which may cause the Fund to recognize income without the Fund receiving cash with which to make distributions in amounts sufficient to enable the Fund to satisfy the RIC distribution requirements for avoiding Fund-level income and excise taxes. The Fund intends to monitor its transactions, intends to make appropriate tax elections, and intends to make appropriate entries in its books and records to mitigate the effect of these rules and preserve the Fund’s qualification for treatment as a RIC. To the extent the Fund invests in an underlying fund that is taxable as a RIC, the rules applicable to the tax treatment of complex securities will also apply to the underlying funds that also invest in such complex securities and investments.

Backup Withholding. The Fund will be required in certain cases to withhold (as “backup withholding”) on amounts payable to any shareholder who (1) fails to provide a correct taxpayer identification number certified under penalty of perjury; (2) is subject to backup withholding by the IRS for failure to properly report all payments of interest or dividends; (3) fails to provide a certified statement that they are not subject to “backup withholding;” or (4) fails to provide a certified statement that they are a U.S. person (including a U.S. resident alien). The backup withholding rate is at a rate set under Section 3406 of the Code. Backup withholding is not an additional tax and any amounts withheld may be credited against the shareholder’s ultimate U.S. federal income tax liability. Backup withholding will not be applied to payments that have been subject to the 30% withholding tax on shareholders who are neither citizens nor permanent residents of the United States.

Non-U.S. Shareholders. Any non-U.S. investors in the Fund may be subject to U.S. withholding and estate tax and are encouraged to consult their tax advisors prior to investing in the Fund. Foreign shareholders (*i.e.*, nonresident alien individuals and foreign corporations, partnerships, trusts and estates) are generally subject to a U.S. withholding tax at the rate of 30% (or a lower tax treaty rate) on distributions derived from taxable ordinary income. The Fund may, under certain circumstances, report all or a portion of a dividend as an “interest-related dividend” or a “short-term capital gain dividend,” which would generally be exempt from this 30% U.S. withholding tax, provided certain other requirements are met. Short-term capital gain dividends received by a nonresident alien individual who is present in the U.S. for a period or periods aggregating 183 days or more during the taxable year are not exempt from this 30% withholding tax. Gains realized by foreign shareholders from the sale or other disposition of Shares generally are not subject to U.S. taxation, unless the recipient is an individual who is physically present in the U.S. for 183 days or more per year (based on a formula that factors in presence in the U.S. during the two preceding years as well). Foreign shareholders who fail to provide an applicable IRS form may be subject to backup withholding on certain payments from the Fund. Backup withholding will not be applied to payments that are subject to the 30% (or lower applicable treaty rate) withholding tax described in this paragraph. Different tax consequences may result if the foreign shareholder is engaged in a trade or business within the United States. In addition, the tax consequences to a foreign shareholder entitled to claim the benefits of a tax treaty may be different than those described above.

Under the Foreign Account Tax Compliance Act (“FATCA”), the Fund may be required to withhold a generally nonrefundable 30% tax on distributions of net investment income paid to (a) certain “foreign financial institutions” unless such foreign financial institution agrees to verify, monitor, and report to the IRS the identity of certain of its account holders, among other items (or unless such entity is otherwise deemed compliant under the terms of an intergovernmental agreement between the United States and the foreign financial institution’s country of residence), and (b) certain “non-financial foreign entities” unless such entity certifies to the Fund that it does not have any substantial U.S. owners or provides the name, address, and taxpayer identification number of each substantial U.S. owner, among other items. This FATCA withholding tax could also affect the Fund’s return on its investments in foreign securities or affect a shareholder’s return if the shareholder holds its Fund shares through a foreign intermediary. You are urged to consult your tax adviser regarding the application of this FATCA withholding tax to your investment in the Fund and the potential certification, compliance, due diligence, reporting, and withholding obligations to which you may become subject in order to avoid this withholding tax.

For foreign shareholders to qualify for an exemption from backup withholding, described above, the foreign shareholder must comply with special certification and filing requirements. Foreign shareholders in the Fund should consult their tax advisors in this regard.

Tax-Exempt Shareholders. Certain tax-exempt shareholders, including qualified pension plans, individual retirement accounts, salary deferral arrangements, 401(k) plans, and other tax-exempt entities, generally are exempt from federal income taxation, except with respect to their unrelated business taxable income (“UBTI”). Tax-exempt entities are generally not permitted to offset losses from one unrelated trade or business against the income or gain of another unrelated trade or business. Certain net losses incurred prior to January 1, 2018 are permitted to offset gain and income created by an unrelated trade or business, if otherwise available. Under current law, the Fund generally serves to block UBTI from being realized by its tax-exempt shareholders with respect to their shares of Fund income. However, notwithstanding the foregoing, tax-exempt shareholders could realize UBTI by virtue of their investment in the Fund if, for example, Shares in the Fund constitute debt-financed property in the hands of the tax-exempt shareholders within the meaning of section 514(b) of the Code. Charitable remainder trusts are subject to special rules and should consult their tax advisers. The IRS has issued guidance with respect to these issues and prospective shareholders, especially charitable remainder trusts, are strongly encouraged to consult with their tax advisers regarding these issues.

Certain Potential Tax Reporting Requirements. Under U.S. Treasury regulations, if a shareholder recognizes a loss on disposition of the Shares of \$2 million or more for an individual shareholder or \$10 million or more for a corporate shareholder (or certain greater amounts over a combination of years), the shareholder must file with the IRS a disclosure statement on IRS Form 8886. Direct shareholders of portfolio securities are in many cases excepted from this reporting requirement, but under current guidance, shareholders of a RIC are not excepted. Significant penalties may be imposed for the failure to comply with the reporting requirements. The fact that a loss is reportable under these regulations does not affect the legal determination of whether the taxpayer’s treatment of the loss is proper. Shareholders should consult their tax advisors to determine the applicability of these regulations in light of their individual circumstances.

Other Issues. In those states which have income tax laws, the tax treatment of the Fund and of Fund shareholders with respect to distributions by the Fund may differ from federal tax treatment.

FINANCIAL STATEMENTS

The Fund’s audited financial statements, accompanying notes and report of the independent registered public accounting firm appearing in the Fund’s annual Certified Shareholder Report on Form N-CSR for the fiscal period ended July 31, 2025, are incorporated herein by reference. You may request a copy of the Fund’s annual report at no charge by calling (833) 794-0140 or through the Fund’s website at www.carboncollectivefunds.com/ccsb.
